FINANCIAL DEPARTMENT.

SIR,

I AM directed to acknowledge the receipt of your Letter, No. 2173, dated the 21st Ultimo, on the subject of Notices of Leave of Absence granted to Uncovenanted Servants sent to your Office.

2. It appears that your Office makes deductions on account of Leave of Absence only from the Salaries of those Uncovenanted Servants who receive their appointments direct from Government; but that in all cases in which Clerks and other Ministerial Officers are allowed Leave of Absence, the Head of the Department or Office in which they are employed is left to make the deductions, your Office simply passing the Salary Abstract of such Establishment, without taking cognizance of the deductions made therein by the Head of the Department or Office, provided the Rule laid down in the Financial Resolution of the 18th December 1843 is not infringed.

3. In reply, I am desired to inform you, that the Right Hon'ble the Governor General in Council is of opinion that the practice of your Office is incorrect. The Rules of the 22nd February 1856, he observes, are applicable to "All Officers in the Uncovenanted Service of the Government who may be in the receipt of Salaries of Rupees 100 a month and upwards," and it seems to His Lordship in Council that your Office ought invariably to make the deduction provided for in the Rules, in every case in which Leave is granted to such Officers under the rules, whether it be granted by Government, or by Officers to whom power to act upon the Rules may have been delegated by Government.

4. In respect to Officers drawing Salaries of less than Rupees 100 a month, it has been ruled, in the Financial Resolution of the 6th February 1857, that the Heads of Offices should, in granting Leave, be guided by the spirit of the Rules prescribed for those servants who are in the receipt of Salaries of Rupees 100 a month and upwards, and that all cases in which Leave is so granted to Uncovenanted Servants whose Salaries are less than Rupees 100 per month, shall be reported to the Civil Auditor and the Military Auditor General, respectively, in the manner prescribed in the Orders of the 25th July last; viz., that the Auditors should be furnished, on the 1st May in each year, with "An Annual Return showing the Leave of Absence granted during the year (preceding), under the new Uncovenanted Civil Service Absentee Rules, to those Uncovenanted Servants whose Leave might not have been notified in the Gazette."

5. But this arrangement seems to His Lordship in Council to be insufficient. It does not provide, as it ought to do, for deductions from Salary by the Offices of Audit, and His Lordship in Council therefore directs that in future all cases in which Leave not notified in the Government Gazette is granted to Uncovenanted Servants in excess of the few days provided for in the Financial Resolution, No. 2520, dated the 12th June 1857, shall be reported monthly (instead of annually) to the Civil Auditor or the Military Auditor General, as the case may be, in the Form entered in the margin; the Offices of Audit being left to check the amounts entered in the Form at the time the Establishment Bills are sent in to be passed, on the understanding that deductions are invariably to be made, in accordance with the Rules, from the pay of all Absentees whose names are entered in the Form (whether they may be in the receipt of Rupees 100 a month or less), except when special directions are issued by the Heads of Offices to make larger deductions, which may be necessary in cases of Officers drawing less than Rupees 100, whose duties cannot otherwise be provided for without extra expense to Government.

I have the honor to be,

SIR,

Your most obedient Servant,

Legislative Council of India.

The 5th June 1858.

THE following Act, passed by the Legislative Council of India, received the assent of the Right Honorable the Governor General on the 18th May 1858 (communicated to the Legislative Council on the 5th June 1858), is hereby promulgated for general information:—

ACT NO. XX OF 1858.

An Act to facilitate the recovery of land and other real property, of which possession may have been wrongfully taken during the recent disturbances in the North-Western Provinces of the Presidency of Bengal.

WHEREAS there is reason to believe that, during the recent disturbances in the North-Western Provinces of the Presidency of Bengal, many persons have, without authority of law, been dispossessed of land or other real property: and it is expedient to provide a more easy and speedy means whereby they may obtain redress than is afforded by the ordinary remedy of a regular Civil action: It is enacted as follows:—

I. It shall be lawful for the Executive Government of the North-Western Provinces of the Presidency of Bengal to appoint one or more Special Commissioners for the summary determination of cases of wrongful dispossession of land or other real property in any part of the territories subject to its jurisdiction; and to assign, from time to time, such local jurisdiction to the Special Commissioner or Commissioners so appointed as may appear proper.

II. Whenever any Special Commissioner, appointed under this Act, shall be vested, by order of such Executive Government, with jurisdiction in any District or Districts or in any part or parts of any District or Districts, notice thereof shall be given by a written proclamation, of which copies shall be affixed in the several Courts and in the Offices of the several Collectors and Magistrates of such District or Districts; and the powers heretofore vested in the

Certain powers of Courts of such District or Districts, in respect of all cases cognizable by the Special Commissioners appointed under this Act, shall be suspended until such Courts shall be informed by an order, under the signature of the Secretary to Government, that the local jurisdiction of the Special Commissioner has ceased, of which notice shall be given by proclamation in the

Province. manner aforesaid. Provided that nothing in this Section shall interfere with the trial and decision of any case which may be pending before any Court at the time of the passing of this Act, unless such case be transferred for trial and decision to a Special Commissioner appointed under this Act.

III. Any case pending before any Court sitting as a Court of original jurisdiction at the time of the passing of this Act, in respect of a matter made cognizable by a Special Commissioner appointed under its provisions, shall, on the application of the party complaining, be transferred to the Special Commissioner within the limits of whose jurisdiction the property in dispute is situate; and such Commissioner shall summon the Defendant and proceed to dispose of the case in the same manner as if it had been instituted before himself.

IV. The Special Commissioners appointed under this Act may hold a Court of the Commissioners where to be held at any place within the limits of their jurisdiction, which may appear most convenient for the trial of cases brought before them.

V. Whenever any Special Commissioner shall be vested with jurisdiction under this Act, such Commissioner

requiring all persons within the limits of his jurisdiction who may, without authority of law, have taken possession of any land or other real property, situated within such limits, subsequently to the 10th May 1857, to deliver up the same, within a period to be fixed in the proclamation, to the party who was in possession at the time when such unlawful possession was taken; and warning all persons that, in the event of their failing to comply with such requisition, and of its being afterwards proved, on the complaint of the party ousted, that they had, without authority of law, taken possession of the land or other real property mentioned in the complaint subsequently to the said 10th May 1857, and that they continue in possession of the same, they will not only be ejected from such land or other real property, and be compelled to account for any mesne profits that may have accrued during the period that they may have held possession thereof, but will also be liable to such punishment as the Special Commissioner may award under the powers vested in him by this Act. Copies of such proclamation shall be affixed in the Court of the Special Commissioner, and in the several Courts and in the Offices of the several Collectors and Magistrates of the District or Districts to which the jurisdiction of the Special Commissioner may extend.

VI. After the expiration of the period mentioned in the proclamation, any person who may, without authority of law, have been dispossessed of any land or other

real property subsequently to the said 10th May 1857, may apply to the Commissioner, within whose jurisdiction such land or other real property is situate, to be reinstated in the possession of the same. The application may be written on plain paper, and shall contain the following particulars:—

1. Name, description, and place of abode of the Plaintiff.

2. Name, description, and place of abode of the Defendant.

3. The subject of the complaint, the title under which the Plaintiff claims to have been in possession thereof, and the date on which he was dispossessed.

VII. Whenever such application may be made, the Special Commissioner shall examine the Plaintiff, on day of hearing, oath or solemn affirmation, as to the truth of his complaint; and if satisfied that there is probable cause for instituting the complaint, he shall issue a summons requiring the Defendant to appear and make defence in person on a day to be fixed in the summons; or, if he sees sufficient cause for so doing, he may issue his warrant for the arrest of the Defendant and for his being brought before his Court on a day to be fixed in the warrant. Provided that the Special Commissioner may, for any good or sufficient rea-

son, excuse the Plaintiff or Defendant from attending his Court in person and allow him to appear by a duly authorized representative who may be examined instead of such Plaintiff or Defendant.

VIII. On the day fixed for the appearance of the Defendant, the parties

shall bring their witnesses into Court, together with any documents on which they may intend to rely in support of their respective statements; and if either party require the assistance of the Special Commissioner to procure the attendance of a witness on such day, he shall apply to the Special Commissioner in sufficient time before the day fixed for the appearance of the Defendant, and the Special Commissioner shall issue a subpoena requiring such witness to attend his Court on that day.

IX. On the day fixed for the appearance of the Defendant, or as soon after as Procedure on day of hearing may be practicable, the Special

Commissioner shall proceed to examine the parties or their representatives (in cases where personal attendance is excused) or such of them as may be present, and their witnesses; and if, upon such examination, and after inspecting the documents of the parties, and making any further enquiry which may appear to him necessary, the Special Commissioner shall be of opinion that the complaint is substantiated, he shall order the Plaintiff to be put again into possession of the property in dispute, and to be maintained in possession thereof; he may also adjudge the Plaintiff to be entitled to recover from the Defendant mesne profits for the period during which the Defendant may be found to have been in possession of the property. It shall further be lawful for the Special Commissioner, on proof that the Defendant continued in possession of the property in dispute after the expiration of the period fixed by the proclamation, to sentence him to imprisonment in the Criminal jail with or without labor for a period not exceeding seven years, or to a fine, or to both imprisonment and fine.

X. The provisions of the Regulations and Acts for procuring the attendance of witnesses, and for the examination, remuneration, and punishment of witnesses in suits before the Civil Courts, shall be of equal force and effect in complaints tried under this Act.

XI. The order of the Special Commissioner for giving possession of the whole or any portion of the land or other real property to which the complaint may relate, shall be immediately executed; and it shall be competent to the Special Commissioner to call in the aid of the Magistrate, if necessary, for the purpose of enforcing the same. If

the order adjudge the Defendant to be liable to pay to the Plaintiff mesne profits, it shall

specify the period for which the same shall be paid, and the Commissioner shall refer the case to the Collector to adjust the amount. In cases so referred, it shall be competent to the Collector to set the amount which may be awarded by him, and also the amount of any fine which may have been imposed by the Special Commissioner upon the Defendant, by the same process as is authorized for the recovery of arrears of the public Revenue. All proceedings of a Collector under this Section

shall be subject to the control and revision of the next superior Revenue authority whose order shall be final.

XII. All orders passed by a Special Commissioner in cases cognizable under Order of Special Commissioner to be final; but nothing in this Act shall be held to preclude either of the parties to the case from instituting a regular suit to establish his right to the property in dispute under the rules applicable to regular Civil actions.

Saving of right to institute a regular suit.

XIII. This Act may be extended by the Governor General in Council, or by the Executive Government of any Presidency or place, to any District or Districts within the limits of their respective Governments in which disturbances shall have taken place subsequently to the said 10th May 1857; and it shall be lawful for the Governor General in Council or such Executive Government to exercise, in the District or Districts to which this Act may be so extended, all the powers vested by this Act in the Executive Government of the North-Western Provinces.

1857, the sittings in any Civil Court in the North-Western Provinces may have been suspended in consequence of the disturbed state of the country, it shall be competent to such Court to receive and try, or to re-admit any original suit or appeal within its jurisdiction, in which the period allowed by law for instituting or prosecuting the same may have expired during the time that the sittings of such Court were so suspended, provided that the complainant or appellant, according as the case may be, shall present his petition of plaint or appeal, or, if the suit or appeal shall have been previously instituted but shall have abated for want of prosecution, shall make no application for the re-admission of the same within the period of three months from the date on which the principal Civil Court of original jurisdiction in the District shall issue a proclamation, copies of which shall be affixed in some conspicuous place in the several Courts and in the Offices of the Collector and Magistrate of the District, notifying that the Courts of the District, or such of them as it is intended to re-establish, have resumed their sittings.

II. In like manner any Civil Court in the North-Western Provinces may receive and try, or re-admit any original suit or appeal in which the period allowed by law for instituting or prosecuting the same may have expired subsequently to the said 10th May 1857, if it shall appear to the satisfaction of such Court that

Lugard, K. C. B., of the operations of the Azimgurh Field Force with Returns of Casualties and Ordnance captured in the skirmish at Jugdespore, on the 9th Ultimo:—

From

*BARON.-GENL. SIR E. LUGARD, K. C. B.,
Commanding Azimgurh Field Force.*

To

*THE CHIEF OF THE STAFF,
Camp Jugdespore, 10th May 1858.*

Sir,

I HAVE the honor to make the following Report, of the operations of the Azimgurh Field Force under my Command, for the information of His Excellency the Commander-in-Chief.

My last Despatch, dated the 25th Ultimo, will have informed you of the result of the pursuit of Koer Sing's Force, which I had directed under Brigadier Douglas, C. H., and of my having marched from Azimgurh on the 23rd Idem, to join the Brigadier in furtherance of the operations against the fugitives.

On the 80th Ultimo, learning that alarm was felt for the safety of Arrah, I directed Brigadier Douglas, who had already crossed his Troops over to the right bank, to move the 84th Foot Sikh Cavalry, and two 9-Pounder Guns to that Station, without delay; and by making forced marches, I reached "Synha Ghat" on the 2nd Instant, and at mid-day of the 4th, the whole of my Force was crossed to the right Bank notwithstanding the prevalence of a strong Easterly gale, which continually prevented the boats leaving the bank, and on the 5th Instant, I reached Arrah.

As my Troops had not halted since quitting Azimgurh, and the marches had been of great length, I remained at Arrah on the 6th, to give them rest, and to enable me to have an interview with the Commissioner of Patna, and Brigadier Christie, who had come over on purpose to afford me all the assistance in their power in making my arrangements.

On the 7th, I moved from Arrah, by the line of Rail road to "Beben," with the Force in rear margin, leaving my heavy baggage, sick, &c., behind, with 81 Infantry and 145 dismounted Sikh Cavalry for their protection. In addition to the party of the 35th Foot and Naval Brigade already holding the entrenched position, and taking nothing but provisions and tents, which in this season, are absolutely necessary for the protection of the lives of Europeans, many having already fallen a sacrifice to *coup-de-sabot*.

So far as I could learn from the extremely scant information procurable, (every soul in the district being apparently against us), the Rebels confidently calculated upon my moving upon them East by the direct road from Arrah, via "Deena," or due South

from Beheen, both of which led through dense jungle, and had been strongly entrenched. I therefore decided upon attacking from the West, but to provide against any attempt upon Arrah, I detached from Beheen on the morning of the 8th a Mobile Force, composed of a party of Sikh Sowars, two 9-Pounder Guns, two Companies 84th Foot, and one Company Madras Rifles, under Major Carr, (M. R.) with instructions to take post a few miles from the Town of Arrah on the Juggesapore road, and to be prepared to move as circumstances required. At the same time I despatched a patrol of Cavalry and Horse Artillery towards Domman, under Lieutenant-Colonel Robertson, Military Train; to distract the attention of the Enemy, and to conceal my ultimate plans, whilst I remained at Beheen threatening that I did. A body of Rebels made an attempt during the day to cross the line of Hailakot to my rear, but were driven back into the jungle with some loss.

On the 9th, I moved through the belt of jungle beyond Beheen, and circling due South, came upon the West side of Juggesapore, where the country is pretty open by the village of "Hatumpore." Sowars had given timely notice of my approach to the parties posted at the entrenchments of Deben and Dawa, so on my arrival opposite Juggesapore, I found the whole Rebel Force prepared to defend their position; this decided me upon attacking the place at once and as soon as the Troops were formed, I advanced upon it in line; the 10th Flint and one Company of Sikhs with two 9-Pounder Guns on the right, the two 8-inch Howitzers in the centre, and the 84th Foot,

with a Company of Madras Rifles and two 9-Pounder Guns on the left, the Cavalry and Horse Artillery protecting my flanks and rear.

The Rebels made a determined stand, first at the high embankments of a large tank, and when driven back by the Artillery fire, they held with much obstinacy the village and house of Juggesapore, but were speedily dislodged and driven through the jungle by the Infantry. Some of the 84th Foot arrived first at Koer Singh's house, and turned a Gun they found inside the enclosure, charged with grape, upon the Enemy; this Gun (with two others unfinished,) had been recently constructed for the purpose of defending the position; it was formed of wood with a copper tube, most skilfully made, and although unfit for much service, would have answered effectually for a short defence; a good deal of ammunition, tents, &c. were captured, with some stores of grain; the Rebels fled South through the jungle.

After posting four Companies of European Infantry and one Company of Sikhs, under Captain Norman, 10th Foot, to hold Juggesapore for the night, I encamped the remainder of my Force on the plain between Hetumpore and Juggesapore.

My Casualties, I am happy to say, amounted to only two men slightly wounded.

I have much pleasure in expressing my great approbation of the conduct of all the Troops engaged.

Sir,

By desire of the Commander-in-Chief, I have the honor to forward, for submission to the Right Hon'ble the Governor General, the enclosed copy of a Report from Major W. Middleton, 17th Madras Native Infantry, relating the operations of the Column under his Command, on the banks of the Jumna near the village of

Ghurrah, where a party of Rebels was successfully surprised and destroyed.

2. The whole affair appears to His Excellency to be creditable to Major Middleton, and the Troops under his Command.

Sir,

THE BRIGADIER MAJOR,

Madras Troop, Fullapore.

Camp Ghatumpore, 10th May 1858.

Sir,

1. AGREEABLE to instructions received through Brigadier Cartwheel, from the Assistant Adjutant General's Office, Cawnpore, I have the honor to report that not being able to obtain any certain information regarding the movements of a large body of Rebels that were threatening this place, I advanced the Movable Column under my Command to this Station on the 8th Instant, and upon inquiry I ascertained that about 200 Rebel Sepoys, and a large body of Villagers had after plundering Fullapore, retired to the village of Ghurrah on the banks of the Jumna, distant from here 12 miles and were encamped there; and as they appeared to be the dread of this neighbourhood, I determined (with the assistance of a detachment of Her Majesty's 80th Regiment, kindly placed at my disposal by Colonel Maxwell) to drive them across the Jumna.

2. On the morning of the 9th Instant, I advanced with the Force as follows:—

Detachment of 8th Irregular Cavalry in all	100	per margin towards the
3 guns Madras Horse Artillery.		village of Ghurrah. On
2 do. do Foot do.		approaching the village,
150 of H. M's 80th Regiment.		I ordered H. M's 80th
100 17th Regt. N. L.		Regt., Detachment and
200 Madras Rifles.		Madras Rifles, to advance

in skirmishing order with supports. The Detachment 17th Regiment Madras Native Infantry forming the reserve, the Detachment 8th Bengal Irregular Cavalry, forming on the right of the skirmishers. The Guns moving in rear of the skirmishers. While moving forward in this order, a number of Men were seen escaping to the right, with the intention of crossing by a ford, but they were intercepted by the Cavalry, the Rebels opened fire upon them and driven back. On the skirmishers approaching the banks of the river, the Rebels after firing a few shots fled, throwing their muskets and matchlocks into the river; between three and four hundred precipitated themselves into the water, and tried to reach the opposite bank; the Guns had by this time got into position and opened fire, which together with the deadly fire of the Infantry, proved so severe that very few reached the opposite shore; three boats succeeded in escaping before the force came up; these, filled with Rebels opened fire upon us, but were soon silenced by Guns and Enfields; they took refuge in the bottom of their boats, until a favorable opportunity occurred of escape.

After clearing the river, I ordered the retreat to be sounded. We remained under some trees during the remainder of the day, and at 6 p.m. marched for our encampment. It is quite impossible to make any estimate of the loss of the Rebels, but I should suppose at the least there were 300 killed and wounded, while the loss on

our side only amounted by one private of the 80th Regiment wounded, (contusion,) and one Private 80th Regiment missing. I cannot conclude without bringing to the notice of the Brigadier Commanding, the valuable services rendered by Lieutenant Woodcock, 8th Irregular Bengal Cavalry; by Lieutenant Bridge, Commanding Madras Artillery; by Captain Browne, Commanding Detachment Her Majesty's 80th Regiment; by Lieutenant Obbard, Commanding Detachment 17th Regiment Madras Native Infantry; by Captain Davaton, Commanding Madras Detachment Rifles; and to all Officers and Men under their Command, to all of whom I tender my best thanks; as also to Lieutenant R. Stuart, 17th Regiment Madras Native Infantry, Staff Officer; and Assistant Surgeon Bustud.

No. 184 of 1858.—The Right Hon'ble the Governor General is pleased to direct the publication of the following Despatch, from the Deputy Adjutant General of the Army, No. 368 A, dated 27th May 1858, forwarding one from Major-General Sir S. Cotton, K. C. B., Commanding the Peshawar Division, detailing the operations of the Forces under his immediate Command, recently employed on the Busulfai border.

The Governor General fully appreciates the ability and judgment of Sir S. Cotton, in the conduct of the expedition, and it will afford His lordship great satisfaction to bring to the favorable notice of the Home Authorities, the eminent merits of the Major-General, and the excellent services of the Officers and Troops under his Command:—

Camp Kubrat, 6th May 1858.

Sir,

In continuation of the Report made by me to the Quarter-Master General of the Army, (copy of which is enclosed) announcing the assembly of a Field Force under my personal Command, for service on the Busulfai frontier; I have the honor to state for the information of His Excellency the Commander-in-Chief, that having been joined by the Commissioner, Lieutenant-Colonel Edwardes, C. B., the Force marched from Nowshera on the 28th Ultimo.

2. On the morning of the 25th Ultimo, the Force reached the Busulfai frontier, village of Selim Khan (distant from Puntjar about 5 miles) and at the mouth of a Pass by which the Puntjar valley is entered.

3. Reconnoitering parties, one under Captain Wright, Chief Staff Officer of the Force, and the other under Lieutenant-Colonel Edwardes, C. B., Commissioner, were at once sent forward when it was found that the fortified town of Puntjar was only occupied by Mookurub Khan, the Chief of the Khodrookhoil tribe, with about 60 Bowars, the inhabitants having previously wholly evacuated the place.

4. Monkurnib Khan, apparently under the impression that the reconnoitering parties were closely followed up by our Column, fled leaving the Town entirely unoccupied.

5. It was now determined to enter the Punjtar No. 1 Column.

6. At one o'clock on the morning of 28th April, No. 1 Column under my Command left Camp for Chinglee, and at daylight entered the Durrund Pass which is a remarkably narrow defile of about 2 miles, between two hills. It is not formidable to disciplined Troops, because the heights on either side have only to be crowned to cover the safe passage of the Force and the length of the Pass is so limited, that if stoutly contested, it could not resist for more than a couple of hours. The Enemy did well, therefore, to abandon it, and allow us to ascend unmolested into the elevated valley of Chinglee, or Upper Punjtar.

7. It may be as well to record here, that there is a well of spring water in the Pass, at the foot of the last steep.

8. As soon as the Column had reached the top of the Durrund Pass, it proceeded at once by the most direct route, towards the village of Chinglee, which is the chief place in the Punjtar Country. Chinglee contains about 1,000 houses very substantially built, and is an emporium for the wood trade with the plains of Panjzai. Here resided Nigoburns Khan, uncle of Mookurub Khan, of Punjtar, who had a substantial little Fort of wood and stone. But no resistance was attempted. During the day it was observed that some of the village people with their property had endeavoured to secrete themselves in ravines in the mountain side, overlooking the Town of Chinglee, and the 8th Punjab Infantry under Captain Thelwall was ordered by a circuitous route to ascend the mountain with a view to cutting off their retreat into the Chumly territory, whilst a party of the 98th Foot under Captain Cottor, my Aide-de-Camp, proceeded straight up the hill to dislodge them from their posi-

tion. A few shots only were however exchanged, and the Enemy hastily escaped, leaving a few killed by the 9th Punjab Infantry.

During the day the Troops were employed under the direction of Captain Hyde, Engineers, in destroying the Fort, Town and Crops, and at night were bivouacked on a ridge near Chinglee.

9. On the 27th April, the Force having completed its work at Chinglee returned to Selim Khan, not by the Durrund Pass through which it came, but through the heart of the Country by Swanwai and Punjtar, for the importance of adding on this expedition to our knowledge of the independent hills was not lost sight of. On the formation of the Force, I attached Lieutenant Taylor, of the Engineers, a very able Officer, to the Staff of the Field Force, for the express purpose of making a survey of the Country through which we passed. A copy of whose Map I beg to forward with this Report.

10. The direct road by which we returned from Chinglee to Selim Khan, proved to be of about equal length with the road *via* the Durrund Pass, but there can be no question that the Durrund line is the easiest for an Army. From Selim Khan to Chinglee *via* Durrund, is an open plain, with one difficulty in it, viz., the Pass itself, which can be soon surmounted. From Selim Khan to Chinglee *via* Punjtar is chiefly through a broken country, winding among ups and downs of jungle and ravine, very embarrassing to a Column, and at one point passing through a rocky defile called Tarrulee (the bed of the stream which flows under Punjtar) which would be infinitely more formidable than the Durrund Pass, if disputed by the Enemy.

11. Mookurub Khan's horsemen and footmen were seen lurking about our line of march this day, but apparently, only in the hopes of preying on stragglers from the Force. On our return to Punjtar we found scarcely a vestige left of the six villages from which it took its name, so thoroughly had its demolition been completed by the Troops of the 2nd Column, employed under the direction of Lieutenant Tovey, Assistant Field Engineer.

12. We had now destroyed both Punjtar and Chinglee, and might have moved on to Suttana, but there was a stronghold in Mookurub Khan's country which he had made over to the Syuds, and Hindustanees, and only resorted to it myself in the last extremity. The name of this place is Mungul Thanna. It stands on one of the chief spurs of the Mahabuen mountain, and it was the Head Quarters of that Moulvie Eusynt Allee, who so persistently endeavoured at Narijje and other places, to raise Eusofzai in rebellion during 1857. This Moulvie died about the beginning of April 1858, and his followers were said to have gone off from Mungul Thanna to Suttana to place themselves under another Hindustane Moulvie there. But Mookurub Khan's family and property were reported to have been removed for safety to the vacuous Fort of Moulvie Eusynt Allee at Mungul Thanna. It would therefore render the chastisement of the Khan more complete and memorable, if we could also destroy this last remaining fastness. By all accounts the road from Punjtar to Mungul Thanna was practicable, though difficult. The Thallay people were our allies, and would show us the road. The Troops we had, were well suited to such an expedition. I therefore fully concurred with Colonel Edwardes, C. B., in the expediency of attacking Mungul Thanna.

Force was again divided into three Columns as per margin, in 1st Column to act against Mungul Thanna; the 2nd Column to proceed and halt at Punjtar, as a support to the 1st Column; and the 3rd Column to remain in reserve at Selim Khan, and to protect the Camp which was left standing.

14. At 11 P. M., on 28th April, the 1st Column, under my own personal Command, left the Camp at Selim Khan, and pushed on by moonlight towards Mungul Thanna. The ascent of the hills was very arduous and toilsome, and half the Column was ultimately left as an intermediate support at Obukera, which is midway between Punjtar and Mungul Thanna. The advance reached the heights, about 11 A. M., not a shot had been fired at us, as we laboured up the steep and wooded road, and on entering Mungul Thanna we found the Fort abandoned, and every sign of a hasty and recent flight.

15. Mungul Thanna consists of two villages, Upper and Lower. The Lower contains 30 or 40 houses and is occupied by Syuds, who are peaceable and inoffensive. Upper Mungul Thanna stands on a plateau in the midst of 3 crests, which are themselves out-works while held by the Garrison, but as soon as carried by an Enemy, command the place. On this plateau stood first, the fortified house of Enoyut Allee, with enclosures for Hindustani followers, secondly, the fortified residence of Syud Abbas; and thirdly, Syud Abbas's Citadel, a white masonry tower, the whole having about 80 or 40 houses clustered round them. These fortifications had been laboriously constructed of large stones and fine timber, and the Hindustani fanatics, and thieves who flocked around Syud Abbas must have lived here in great enjoyment and security, and it was easy to understand the prestige that surrounded them.

16. The advanced Troops bivouacked at Mungul Thanna for the night: the Sappers being engaged all night under Captain Hyde's instructions in mining the buildings. At daylight of 30th April, the Troops being drawn off, the mines were fired, and when the dust and smoke cleared away, Mungul Thanna existed no longer.

17. Mungul Thanna is probably between 5000 and 6000 feet above the level of the sea. The trees grow thickly about it, and scenery about it, is much like that of Murray.

18. It would be possible to cross Malibun from this point and descend upon Sattana in two marches: but all accounts agree that the road is more difficult even than that to Mungul Thanna.

19. On the 30th April, the vanguard of the Troops at Mungul Thanna, Obukera and Punjtar, returned to their Camp at Selim Khan, and there halted on the 1st May.

20. It now only remained to deal with the fanatic Colony of Sattana, for which purpose the Force under my Command proceeded towards Kabbul, distant from Sattana about 4 miles. The Force encamped at Kabbul on the morning of 3rd May.

21. By previous arrangements, Major Becher, the Deputy Commissioner of Hazara, moved down simultaneously to the left bank of the Indus with the 3 12-P. Howitzers, Hazara Mount. Train as per margin, 1 3-P. Gun, 1 18th P. I. with a view to crossing 300 of 2nd Sikhs, 300 of 8th Punjab Infantry, 300 of 12th P. I., do. operate with the Forces under my Command, in making a general attack on the Enemy's villages at Sattana, and on their Ghurree, or defensive enclosure near the village of Mundee.

22. Having on the evening of 3rd May reconnoitred the hills and towns of the Enemy, and fixed on the following morning to make the general attack, Major Becher with his Troops crossed the Indus early in the day whilst the Forces under my Command marched out of its encampment at Kabbul, towards the Enemy's position, thus coming upon him from the Eastward and Southward simultaneously. The Chief of the Umo territory, Jelaland Khan our ally, having occupied the hills Northward of Upper Sattana, and by so doing completed the general co-operation.

23. As we approached the Lower Sattana, the 150 H. M.'s 98th, Columns of skirmishers detached 400 of 9th P. I. as per margin, 300 of 18th P. I. were directed to crown and hold the heights above the several villages of the Enemy. These with other Troops, hereafter mentioned, moved up the mountain at no less than six different points.

24. During the progress of these Troops up the steep and rugged sides of the mountain, I proceeded with Lieutenant-Colonel Edwardes, C. B., towards "Upper Sattana," and was there joined by Major Becher, with the 6th Punjab Infantry under Lieutenant Quin, and 2nd Sikhs, under Captain Hardinge, which had just crossed the river. These Corps with the Guide Infantry, under Lieutenant Kennedy, proceeded to assist in holding the heights above the town. The Sappers and Miners, under Captain Hyde, of the Engineers, were set to work to destroy all the Towns. A Wing of Her Majesty's 81st Regiment, under Colonel Renny, was during these operations, placed in the Town of Upper Sattana.

I could from this spot observe the several Columns on the hills, and was enabled from thence to direct the operations generally.

25. The 18th Punjab Infantry, under Lieutenant Williamson having, without opposition, succeeded in reaching the crest of the mountain above "Lower Sattana," and having moved Northward along the same, and also on a pathway on the side of the mountain in two Divisions, came in contact with the Enemy (the fanatics) on the height called Shah Noor-ee Burree, where they were strongly posted in a small village, and in a stockade, which position was very desperately defended. Lieutenant Williamson and his gallant Corps, the 18th Punjab Infantry, drove the Enemy from this height, having killed 86 on the hill top, and wounded many more. Lieutenant Vander Gucht, of that Corps, was wounded in a hand-to-hand encounter, in the thigh; a Subadar and 4 Sepoys being killed, and 15 wounded. The 18th Punjab Infantry for the first time in action with the Enemy, since being embodied, thus highly distinguished itself, under its gallant Commander, Lieutenant Williamson, who reports most favourably on the spirited conduct of the European Officers of his Corps, viz., Lieutenant Vander Gucht, Lieutenant O'Malley and Lieutenant Green, Her Majesty's 70th Regiment, temporarily attached to the Corps. The 19th Punjab Infantry, under Captain Thelwall, ably supported the attack of the 18th Punjab Infantry, on the Enemy's position. The 6th Punjab Infantry, under Lieutenant Quin, having ascended the northern spur of the range, took the Enemy's position in rear, and thus co-operating with the 18th P. I., drove the

Hindustani fanatics towards the latter Regiment. The conduct of this Regiment, under Lieutenant Quin, was also admirable. The attack was unfeinting; and vigorous, and speedily completed the defection of the Enemy. The Detachments Her Majesty's 98th Regiment, under Major Peyton, 2nd Seikhs, under Captain Harding, also Captain Brougham's Mountain Train Battery which had several opportunities of making very successful practice in the various positions of the Enemy, were all most useful, and efficiently performed the duties allotted to them respectively, during the operations.

26. The position of the Enemy having been carried at all points; the fanatics compelled to retreat precipitately in the hills; with very severe loss, and the whole of their villages being destroyed, the Commissioner, Colonel Edwardes, O. B., considered that adequate punishment had been inflicted on them, and called upon me to withdraw the Troops, not deeming it expedient to pursue against the British Government, by further pursuit of the Enemy into the hills, the Jadoon and other independent hill tribes who had naturally become excited by the presence of so large a British Force in and amongst their mountains.

27. In the general withdrawal of the Troops, the Detachments Her Majesty's 98th under Major Peyton, and Guide Infantry, under Lieutenant Kennedy, rendered excellent service in covering the retirement, in presence of the hill tribes who during the day had assembled in considerable number, and had assumed a threatening attitude on the surrounding heights, and here the practice of the Enfield Rifles of the 98th Regiment was most effective, leaving, I am informed, a lasting impression on the minds of the hill people as to the vast superiority of this weapon over their own matchlocks.

28. The hill tribes with some few of the Hindustani fanatics, having closely followed up Troops during their descent from the hills, I employed with very great advantage two 5½-inch Mortars, under Captain Stallard to assist in covering the retirement of the Troops. The practice of these Mortars was very effective, and thoroughly arrested the further progress of the Enemy.

29. The whole of the Force, it being late in the day, returned to Camp, and on the following morning, 6th May, on the requisition of the Commissioner, marched to Kubbal.

30. These operations having been so completely successful, enabled the Civil Authorities to come to a most satisfactory settlement with the Jadoon tribes, whose Chiefs ratified a treaty, by which they were bound to expel from their territories any of the remaining Hindustani fanatics who attempted to re-establish themselves among them as also to protect the allies of the British Government, viz., the inhabitants of the villages of Kyr and Kubbal, and Jehondad Khan, the Chief of Umb, who had rendered us great and valuable assistance during the above operations.

31. Lieutenant-Colonel Edwardes, O. B., having notified to me that the objects of the Campaign having been fully attained, and that the services of the Troops were no longer required, I forthwith directed the return of the Force to Nowshera, where on arrival the Troops will be sent to their respective quarters.

32. It now becomes my pleasing duty to record, for the information of His Excellency the Commander-in-Chief, and of Government, my acknowledgement of the valuable services rendered by the various Civil and Military Officers who have accompanied the Force under my Command.

I am deeply indebted to Lieutenant-Colonel Edwardes, O. B., Commissioner of Peshawur, for his very able co-operation and advice, which have enabled me to bring the operations of this short Campaign to such a satisfactory termination. I beg specially to

recommend this Officer's most important services to the favourable consideration of His Excellency the Commander-in-Chief, and of Government.

I also desire to bring to notice the excellent services performed by Major Becher, Deputy Commissioner of Hazara, who Commanded the Hazara Field Force, during the recent action at Sattana. The disposition made by Major Becher of his Troops was indeed admirable, and contributed in no small degree to the success of the general attack made on the Enemy's position. My warmest thanks are due to Major Becher, for the very able manner in which he Commanded the Hazara Force in the operations against Sattana.

To Colonel Renny, H. M.'s 81st, who Commanded the 1st Brigade; and to Major Allan, H. M.'s 81st, who Commanded the 2nd Brigade of Infantry; to Lieutenant Colonel Malcafer, 7th Irregular Cavalry, who Commanded the Cavalry Force in Camp; and to Captain Brougham, who Commanded the Artillery, my cordial thanks are particularly due, for the able and energetic support they rendered me in their respective Commands.

To the Regimental Commanders, Major Peyton, Commanding Detachment H. M.'s 98th; Captain Brown, Commanding H. M.'s 81st; Captain Stalard, Commanding Light Field Battery. Captain Fulman, in charge of the Mortars; Lieutenant Butt, Commanding Hazara Mountain Train Battery; Lieutenant Corderer, Commanding Detachment Peshawur Mountain Train Battery; Major Ryves, Commanding Detachment 18th L. O.; Major Milne, and subsequently on that Officer's illness, Lieutenant Brown, Commanding Head Quarter Detachment, 21st Regiment Native Infantry; Lieutenant Rowerait, Commanding Head Quarter Detachment Kelat-i-Gilzai Regiment; Lieutenant Quin, Lieutenant Brownlow, Captain Thelwal, Captain Blaggrave, and Lieutenant Williamson, Commanding respectively 8th, 8th, 9th, 12th, and 18th Punjab Infantry; Lieutenant Kennedy, Commanding Corps of Guides; Lieutenant Lockwood, Commanding Detachment of Peshawur Light Horse; I have to offer my best thanks for the efficient manner in which they Commanded their respective Corps: the same are due to the Officers and Men of the whole Force, whose excellent conduct and discipline in the Field deserve my most unqualified approbation.

To the Engineer Officers, Captain Hyde, Commanding Detachment of Sappers and Miners; Lieutenant Tayor, H. M.'s 24th Regiment, Assistant Engineer, Peshawur, doing duty with the same; Lieutenant Henderson and Lieutenant Taylor, whose valuable survey of the country through which the Force proceeded, is herewith forwarded, I feel particularly indebted for the ability and zeal which they have displayed in the performance of their professional duties.

I beg to return my best thanks to the Staff Officers of the Force, Captain Wright, Deputy Assistant Adjutant General; Chief Staff Officer of the Force; Lieutenant Greaves, H. M.'s 70th Regiment, who acted as Deputy Assistant Adjutant General to the Field Forces; Captain Cooper, Deputy Assistant Quarter-Master General; Lieutenant Whigham, Adjutant, Peshawur Light Horse, who officiated in the Quarter-Master General's Department; Captain Jones, Deputy Judge Advocate General, Captain L. S. Cotton, my Aide-de-Camp; Captain Fane, Peshawur Light Horse, my Orderly Officer; Captain Tormachy, H. M.'s 81st Regiment and Captain Ellerman, H. M.'s 98th Regiment, who officiated as Brigade Major, to the 1st and 2nd Infantry Brigades, respectively; Lieutenant Turner, Staff Officer of Artillery; Lieutenant Osborne, 12th Irregular Cavalry, Staff Officer of Cavalry; Lieutenant White, 12th Punjab Infantry, Staff Officer to the Hazara Field Force, under Major Becher, all of whom performed the Staff duties of the Force with much zeal and efficiency.

To Surgeon Mann, 5th Light Cavalry, who accompanied the Force as Field Surgeon, my especial obligations are due for the skilful arrangements made by him for the care and comfort of the sick.

I have also to state that Mr. Sub-Conductor Cooper conducted the duties of the Commissariat Department much to my satisfaction.

33. In conclusion, I beg to submit for the information of His Excellency the Commander-in-Chief, and of Government, A Map of the Country in which the operations have detailed have taken place; and also a Return showing the number of Casualties in the Field Force in the action of Suttana.

Sir,

I HAVE the honor to report for the information of His Excellency the Commander-in-Chief that, on the requisition of the Commissioner of Peshawur,

It is proposed by the Civil Authorities to enter the Punjab Valley in view of destroying certain villages which have afforded shelter to a turbulent Moolvie who caused much annoyance to our frontier villages during the last hot season; having effected this object and overcome any opposition which may offer itself in that valley, the Force will return to Kasurzai, and proceed via Topi, to attack and destroy the Fort and Village of Suttana, a nest of fanatic Hindoo-stones, situated on the right bank of the Indus opposite Hazara.

Extract from Division Orders issued by Major-General Sir Sydney Cotton, K. C. B., Commanding Division Head Quarters Camp Tur Hossain, 13th May 1858.

No. 272.

The services of the Force under the Command of Major-General Sir Sydney Cotton, K. C. B., being no longer required in the District, the Troops will return to their quarters under orders which will be communicated to Corps respectively.

In bidding adieu to the Officers, Non-Commissioned Officers and Soldiers, European and Native of this highly disciplined Column, the Major-General offers to all his unqualified thanks for the ready and efficient obedience to his wishes in the discharge of duties frequently under difficult and trying circumstances of fatigue and exposure.

To the orderly and steady conduct of the Soldiers mainly, must be attributed their efficiency for work and healthiness in a very considerable heat of climate, the absence of crime in this Force has been most remarkable, and when an Enemy had to be encountered, the Troops displayed their wonted gallantry.

The Force now returns to its quarters under the assurance of Lieutenant-Colonel Edwardes, C. B., Commissioner, to whom the Major-General offers his

best thanks for his very valuable co-operation at all times,) that the objects of Government in assembling it, have been most fully and satisfactorily accomplished. Taking ample guarantee for the future from the border tribes, the Bussufzai District has now been placed in an unprecedented state of security, and is gratifying to think that whilst this all important object has been gained by the chastisement of the real enemies of the British Government, the well-disposed and inoffensive have, by a wise discrimination on the part of the Civil Authorities, been permitted to remain in the undisturbed enjoyment of their ancient rights and privileges.

In forwarding for the information of the Right Hon'ble the Governor General, copy of a Despatch, dated the 25th Instant, from Lieutenant-Colonel E. B. Hale, C. B., of Her Majesty's 82nd Regiment, reporting the circumstances attending the

investment of the Jail of Shahjehanpore by the Enemy on the 3rd Idem, and his successful defence of that post, I am directed by the Commander-in-Chief to beg you will inform His Lordship, that the Lieutenant-Colonel hardly does justice to himself in his report of this defence which was conducted by him with prudence and skill, and consequently with trifling loss.

FROM LIEUT.-COL. E. B. HALE, C. B.,
Her Majesty's 82nd Regiment,
Commanding Shahjehanpore,
To THE DEP'TY ADJ'T. GENERAL OF THE ARMY
Camp Shahjehanpore, 25th May 1858.

Sir, I have the honor to report, for the information of His Excellency the Commander-in-Chief, that agreeable to instructions received from the Chief of the Staff, I marched on the morning of the 2nd with the Force detailed in General Order of the 1st Instant, from the Camp Azeezungue, for the purpose of occupying the Jail in Cantonments at this place as a Military post. I pitched my Camp in a cope of trees adjoining the Jail, as there was no shade inside the walls, and immediately proceeded to put the Jail in a state of defence by placing the Guns (two 24-Pounders and two 9-Pounders) in position and digging a ditch along the South wall which was much broken, and at the same time storing my ammunition and Commissariat stores inside the entrenchment. On the morning of the 3rd, I was informed by Mr. Money, of the Civil Service, that a spy had come in to, say, the Enemy were within 4 miles of this on the Mohnundee road. I immediately directed the Camp to be struck and every thing taken inside the entrenchment, at the same time ordering 4 Companies of the 82nd Regiment, with a view to protect the Camp, while it was being moved. After proceeding about 200 yards, I ordered the men to halt while I went on to reconnoitre, when I perceived the Enemy's Cavalry appearing on the brow of the hill across the Kunhout River. After a time they moved to my left and crossing the river, came down in great force, when, being informed that the whole of my Camp or nearly so was inside the entrenchment, I retired the 82nd inside also. Lieutenant DeKantzow who was posted with his Cavalry on my right flank, gallantly charged the Enemy, but seeing him greatly out-numbered, and my orders being to act strictly on the defensive, I ordered him in also. The Enemy quickly brought Guns to bear upon the Jail, but fortunately did very little damage; they kept up a constant fire upon us night and day with their Guns and match-lock men, while their Cavalry patrolled all round until the arrival of Brigadier-General Jones with his Force on the 11th, when they were quickly dispersed.

I have, &c.

with the Governor General.

Head Quarters Camp Entekhurh,

The 29th May 1858.

SIR,

I HAVE the honor, by direction of the Commander-in-Chief, to forward for the information of the Right Hon'ble the Governor General, copy of a Despatch dated the 14th instant, from Brigadier-General Sir E. Lugard, K. C. B., Commanding Azimgurh Field Force, detailing further operations of the Troops under his orders.

2. His Excellency desires to record his thanks to the Brigadier-General for the skill he has displayed in the conduct of this, as well as of preceding operations, and to express his admiration of the manner in which the Troops have undergone the great exposure and fatigue to which they have been subjected.

I have the honor to be,

SIR,

Your most obdt. Servt,

H. W. NORMAN, Major,
Deputy Adjt. Genl. of the Army.

FROM BRIGDE-GENL. SIR E. LUGARD, K. C. B.,
Comdg. Azimgurh Field Force
TO THE CHIEF OF THE STAFF,
Camp Jugdaspore, 14th May 1858.

SIR,

In continuation of my Despatch, dated 10th instant, I have the honor to report for His Excellency's information, that in consequence of intelligence reaching me that evening of the probable arrival at "Poo-

po" of Colonel Corfield with Troops from Sasseen, to co-operate with me, I directed Lieutenant-Colonel Longden, Chief of the Staff, to proceed the following morning across the open country, West of the jungle, with Horse Artillery and Cavalry, under Lieutenant-Colonel Robertson, Military Train, to reconnoitre the Country in that direction, and endeavour to communicate with Colonel Corfield, to whom I had written on the 4th instant, after crossing the Ganges, but of whose movements up to this time, I had only heard indirectly and vaguely.

During the morning of the 11th, the Special Commissioner with my Camp (Mr. Macdonell, Civil Service), received what he conceived trustworthy intelligence,

that the Rebels who had been strongly entrenching themselves near Duleepore, and at the Bungalow at Clatoura, were preparing to decamp; and as I deemed it highly important, that a blow should be struck before they separated, I immediately advanced through the Jungle with the Force as per margin* carrying nothing but spare ammunition and Soldiers' rations; elephants laden with pannikins of water accompanied the party, and to this arrangement I mainly ascribe the success of the operation, and the safety of the Troops; for the heat was beyond all description, scarcely a breath of wind penetrated the dense jungle, and many old and tried Soldiers sank exhausted.

At the same time, I communicated, by express, my intentions to Lieutenant-Colonel Longden, who, receiving my letter at "Poo," to which place he had pushed on, leaving Lieutenant-Colonel Robertson and his party to guard the West, at once applied to Colonel Corfield for two 9-Pounder Guns under Lieutenant Franklin, Royal Artillery, and 100 of Rettray's Sikh Sowars, and proceeded to watch the South-western portion of the jungle; whilst Colonel Corfield got the remainder of his Force under arms, consisting of about 750 European Infantry, 110 Naval Brigade with two 9-Pounder Guns, one 3½-in. Mortar, and 60 Sikh Battalion, as per copy of report annexed.

At Duleepore, the Rebels first attempted to oppose our progress and after being routed by the line of skirmishers, which extended well into the jungle and a few discharges of grape, they spread round, right and left through the thickest part of the jungle where our Soldiers could scarcely penetrate, and attacked the rear flanks of the Column, but the steadiness and quick fire of the Companies of the 10th Foot in support, speedily drove them back, and we pushed on to the "Bungalow," where another and more determined stand was made, with, however, the same result, except that the loss of the Enemy was more severe. About this time firing was heard to the South, which we subsequently ascertained, was caused by an attack made by the troops under Colonel Corfield, upon a party of the Rebels who had established themselves in the villages at the Southern limit of the jungle. Colonel Corfield, after driving the Enemy from the villages and setting them on fire, returned to his Camp at "Poo," and it was not until the following day that I learnt of his co-operation, when I moved my party to the vicinity of his Camp, as the heat in the jungle was unbearable.

The Rebels suffered severely, as shown by several masses of their dead lying about, the extensive corral of pyramids, with which I surrounded our position during the night, preventing their being removed

My Casualties amounted to one Officer, 10th Foot, Lieutenant St. John, shot through the left arm, one Soldier of the same Regiment killed, and five wounded; also three men of the Madras Artillery wounded. After driving the Enemy from their position at Duleepore, I sent the Sikh Cavalry, under Lieutenant Jennis, through the jungle, by a path to the East, to cut off my fugitives that might attempt to escape in that direction; this party rejoined me at the Bungalow late in the evening.

A strong body of the Rebels, said to be under Ummur Sing, broke from the jungle after our forcing their position at Duleepore, and attacked the Cavalry and Horse Artillery, under Lieutenant-Colonel Robertson, but were driven back with severe loss; another body of about 300 showed themselves at the edge of the jungle to the South-West, but retired on Lieutenant Longden moving up his Guns.

On the 13th, I halted at "Peeroo," having previously sent back to Jugdespore for provisions, but learning on that evening, that the Rebels had again shown themselves in force at Jugdesore, attacked our position, and threatened our Camp. I marched back on the morning of the 14th, since when I learn that the main bodies of the Rebels lie concealed in the thickest parts of the extensive jungle, whence in consequence of the extreme heat of the weather, and the exhaustion experienced by the Troops as soon as they enter the thick jungle, I fear it will be most difficult for me to expel them with the means at my disposal.

I am of opinion, that the only measure to be adopted for clearing this district of the Rebels, or indeed for getting at them in the jungle, is to cut broad roads through it in several directions; I have already communicated with the Civil Authorities on the subject.

I beg you will assure His Excellency, that the exertions made by the Force under my Command, to ensure the success of our operations, have been of no ordinary kind; without tents, or anything but the clothes on their backs, they (one and all) have been exposed to the inclemency of the weather, in the several attempts to accomplish the object in view, viz., the destruction of the Rebel Force; no Troops but the two seasoned Regiments now with me could, I feel confident, have gone through all the fatigue and exposure to which they have been subjected; indeed the Casualty Return of Colonel Corfield's Force, which simply operated for a few hours before sunset, will prove my assertion, seven (7) men having died of *coup-de-soleil* in that time; and further, that out of a party of 110 men of the 6th Foot, which left their Camp with Lieutenant-Colonel Longden, on the 13th Instant, to meet the convoy already mentioned, as ordered from Jugdespore, full sixty (60) men fell out, most of whom had to be carried into their Camp.

Lieutenant-Colonel Fenwick, Commanding 10th Foot, fell, I regret to say, from the effects of a sun-stroke near Duleepore, and the immediate presence of the Doctor alone prevented a fatal result. This Officer will not be able to resume his duties again without a change to Europe.

I have, &c.,

From

COLONEL T. B. CORFIELD,

To

THE CHIEF OF THE STAFF,

with Brigadier-General Sir E. Lugard,
Camp "Peeroo," 12th May 1858.

Sir,

I HAVE the honor to report for the information of Brigadier-General Sir Edward Lugard, K. C. B., that yesterday, after I had detached my Cavalry, and two 9-Pounder Guns of the Royal Artillery with you on hearing firing on the direction of "Juttowra," I immediately proceeded with the Force noted in the margin, towards the jungle. Indian Naval Brigade, two Pzr. 1 54-9-inch Mortar. After advancing about two miles, and just at the entrance of the jungle, the Enemy opened fire upon me, on which I advanced three Companies of Infantry in skirmishing order, and opened fire with my Guns.

After considerable opposition, I brought up my right shoulder, driving the Rebels towards my left, in the direction you had proceeded in with the Cavalry and Artillery; all firing on my right then ceased, as I had arranged with you that I should not advance into the jungle, unless I heard long continued firing in the "Juttowra" direction. I then halted to watch the outlet of the jungle on this side; about half an hour afterwards, the Rebels again appeared in force, moving from our left front towards the position they first occupied. On this I advanced, and re-inforcing the skirmishers, closed round the village and stormed it. The Rebels then retreated into other villages closed at hand. I pursued them steadily, burning each village as I took it.

At sunset I re-called my skirmishers, and was returning to Camp, when the Brigadier-General's message to advance on "Juttowra," reached me. As night was coming on, and my men had had no food all day, I was unable to comply with his orders.

I have the honor to enclose a Return of my Casualties; it is impossible to estimate correctly the loss of the Rebels, but I have every reason to believe it must have been heavy, more particularly on my left.

[1268]

I beg to state, that I have every reason to be satisfied with the conduct of the Officers and Men engaged, both with the Infantry under Major Stratton, Her Majesty's 6th Regiment, and the Indian Natal Brigade, under Lieutenant Carew, who worked their guns admirably: the small Detachment of Seikhs, under Lieutenant Earle behaved with their usual gallantry.

The Deputy Magistrate of Nassorom, Mr. E. Baker accompanied me, and was of the greatest assistance, and Lieutenant Staunton, Engineers, who, in the ab-

sence of my Staff Officer, kindly consented to officiate as my Orderly Officer, was of the greatest use to me.

FINANCIAL DEPARTMENT.

SIR,

I AM directed to acknowledge the receipt of your Letter, No. 2173, dated the 21st Ultimo, on the subject of Notices of Leave of Absence granted to Uncovenanted Servants sent to your Office.

2. It appears that your Office makes deductions on account of Leave of Absence only from the Salaries of those Uncovenanted Servants who receive their appointments direct from Government; but that in all cases in which Clerks and other Ministerial Officers are allowed Leave of Absence, the Head of the Department or Office in which they are employed is left to make the deductions, your Office simply passing the Salary Abstract of such Establishment, without taking cognizance of the deductions made therein by the Head of the Department or Office, provided the Rule laid down in the Financial Resolution of the 18th December 1843 is not infringed.

3. In reply, I am desired to inform you, that the Right Hon'ble the Governor General in Council is of opinion that the practice of your Office is incorrect. The Rules of the 22nd February 1856, he observes, are applicable to "All Officers in the Uncovenanted Service of the Government who may be in the receipt of Salaries of Rupees 100 a month and upwards," and it seems to His Lordship in Council that your Office ought invariably to make the deductions provided for in the Rules, in every case in which Leave is granted to such Officers under the rules, whether it be granted by Government, or by Officers to whom power to act upon the Rules may have been delegated by Government.

4. In respect to Officers drawing Salaries of less than Rupees 100 a month, it has been ruled, in the Financial Resolution of the 6th February 1857, that the Heads of Offices should, in granting Leave, be guided by the spirit of the Rules prescribed for those servants who are in the receipt of Salaries of Rupees 100 a month and upwards, and that all cases in which Leave is so granted to Uncovenanted Servants whose Salaries are less than Rupees 100 per month, shall be reported to the Civil Auditor and the Military Auditor General, respectively, in the manner prescribed in the Orders of the 25th July last: viz., that the Auditors should be furnished, on the 1st May in each year, with "An Annual Return showing the Leave of Absence granted during the year (preceding), under the new Uncovenanted Civil Service Absentee Rules, to those Uncovenanted Servants whose Leave might not have been notified in the Gazette."

5. But this arrangement seems to His Lordship in Council to be insufficient. It does not provide, as it ought to do, for deductions from Salary by the Offices of Audit, and His Lordship in Council therefore directs that in future all cases in which Leave not notified in the Government Gazette is granted to Uncovenanted Servants in excess of the few days provided for in the Financial Resolution, No. 2520, dated the 12th June 1857, shall be reported monthly (instead of annually) to the Civil Auditor or the Military Auditor General, as the case may be, in the Form entered in the margin; the Offices of Audit being left to check the amounts entered in the Form at the time the Establishment Bills are sent in to be passed, on the understanding that deductions are invariably to be made, in accordance with the Rules, from the pay of all Absentees whose names are entered in the Form (whether they may be in the receipt of Rupees 100 a month or less), except when special directions are issued by the Heads of Offices to make larger deductions, which may be necessary in cases of Officers drawing less than Rupees 100, whose duties cannot otherwise be provided for without extra expense to Government.

I have the honor to be,

SIR,

Your most obedient Servant,

FINANCIAL DEPARTMENT.

Sir,

I AM directed to acknowledge the receipt of your Letter, No. 2173, dated the 21st Ultimo, on the subject of Notices of Leave of Absence granted to Uncovenanted Servants sent to your Office.

2. It appears that your Office makes deductions on account of Leave of Absence only from the Salaries of those Uncovenanted Servants who receive their appointments direct from Government; but that in all cases in which Clerks and other Ministerial Officers are allowed Leave of Absence, the Head of the Department or Office in which they are employed is left to make the deductions, your Office simply passing the Salary Abstract of such Establishment, without taking cognizance of the deductions made therein by the Head of the Department or Office, provided the Rule laid down in the Financial Resolution of the 18th December 1843 is not infringed.

3. In reply, I am desired to inform you, that the Right Hon'ble the Governor General in Council is of opinion that the practice of your Office is incorrect. The Rules of the 22nd February 1856, he observes, are applicable to "All Officers in the Uncovenanted Service of the Government who may be in the receipt of Salaries of Rupees 100 a month and upwards," and it seems to His Lordship in Council that your Office ought invariably to make the deductions provided for in the Rules, in every case in which Leave is granted to such Officers under the rules, whether it be granted by Government, or by Officers to whom power to act upon the Rules may have been delegated by Government.

4. In respect to Officers drawing Salaries of less than Rupees 100 a month, it has been ruled, in the Financial Resolution of the 6th February 1857, that the Heads of Offices should, in granting Leave, be guided by the spirit of the Rules prescribed for those servants who are in the receipt of Salaries of Rupees 100 a month and upwards, and that all cases in which Leave is so granted to Uncovenanted Servants whose Salaries are less than Rupees 100 per month, shall be reported to the Civil Auditor and the Military Auditor General, respectively, in the manner prescribed in the Orders of the 25th July last; viz., that the Auditors should be furnished, on the 1st May in each year, with "An Annual Return showing the Leave of Absence granted during the year (preceding), under the new Uncovenanted Civil Service Absentee Rules, to those Uncovenanted Servants whose Leave might not have been notified in the Gazette."

5. But this arrangement seems to His Lordship in Council to be insufficient. It does not provide, as it ought to do, for deductions from Salary by the Offices of Audit, and His Lordship in Council therefore directs that in future all cases in which Leave not notified in the Government Gazette is granted to Uncovenanted Servants in excess of the few days provided for in the Financial Resolution, No. 2520, dated the 12th June 1857, shall be reported monthly (instead of annually) to the Civil Auditor or the Military Auditor General, as the case may be, in the Form entered in the margin; the Offices of Audit being left to check the amounts entered in the Form at the time the Establishment Bills are sent in to be passed, on the understanding that deductions are invariably to be made, in accordance with the Rules, from the pay of all Absentees whose names are entered in the Form (whether they may be in the receipt of Rupees 100 a month or less), except when special directions are issued by the Heads of Offices to make larger deductions, which may be necessary in cases of Officers drawing less than Rupees 100, whose duties cannot otherwise be provided for without extra expense to Government.

The 3rd May 1858.

Sir,

By desire of the Commander-in-Chief, I have the honor to transmit for the information of the Right Hon'ble the Governor General, copy of a Despatch from Major-General Sir H. Rose, K. C. B., dated 17th instant, enclosing a Report from Major R. H. Gall, of Her Majesty's 14th Light Dragoons, of his capture of the Fort of Loharce, on the 2nd Ultimo.

2. His Excellency heartily concurs in the praise bestowed by the Major-General upon Major Gall, and the Officers and Men engaged in this gallant affair.

I have the honor to be,

SIR,

Your most obedt. Servt,

H. W. NORMAN, Major,

Depy. Adj't. Genl. of the Army.

From MAJOR-GENL. Sir Hugh Rose, K. C. B.,
Comdg. Central India Field Force.
To THE CHIEF OF THE STAFF.
Camp Gwalior, 17th May 1858.

SIR,
WHILST I was detained at Jhansi, by the necessity of protecting it against the Kotah Rebels, and the late Chandreer Garrison, who made an incursion on the road from Jhansi to Goonah, I sent Major Orr, as have already had the honor to report, across the Betwa, to clear Mhow on the road from Jhansi to Chickaree, where Rebels were said to have re-assembled, with orders to proceed Northwards to Goorserai, of which District the Chief is our ally; gain all possible information from him, and move against Kotra, an important ford across the Betwa, said to be occupied by Rebels; co-operating with Major Gall, 14th Light Dragoons, whom I had sent along the road from Jhansi to Culpee with 1 Squadron 14th Lt. Dragoons, the Force detailed in the 3rd Hyderabad Cavalry, margin, to gain information respecting the Enemy; the most contradictory accounts existing as to their movements and number. When I moved from Jhansi, I was to take up Major Orr's and Major Gall's Force.

I wished to clear Kotra and the circumjacent line of the Betwa, because I apprehended that the Rajahs of Bhopore and Shabgurh, would either hurry on and annoy my right flank or rear as I advanced to Culpee or double back across the Betwa, and again create troubles and disorders in the South of Bundelcund, the Chandreer and Shabgurh Districts.

Major Orr found an Enemy in Mhow, but between Goorserai and the Betwa, he came upon a Fort occupied by the Rebels some of them escaped, the remainder, 40 in number, surrendered with 3 Guns. He found that Kotra at that time was occupied by Goorserai Troops, not by Rebels. Major Orr marched to the ford of Erich, across the Betwa to the West of Kotra, and entered into communication with Major Gall, who advanced as far as Poonch and ascertained that the Enemy in Force in that Town intended to oppose my advance to Culpee.

Major Gall, in order better to observe the Enemy, had a Jeannadar's party of Hyderabad Cavalry at Loharee, a village and mud Fort about 8 miles from Poonch, garrisoned by some 70 or 80 Men of the Rajah of Sumpter, who is said to be our ally. These men betrayed the party of Hyderabad Cavalry, to the Rebel Cavalry in Koonch in the basest way; and the former, with great difficulty, cut their way through their assailants with the loss of one man killed, all their baggage, and three or four Camp-followers.

I sent Major Gall on my arrival at Poonch, with 4 Guns Royal Artillery, 1 Squadron 14th Light Dragoons, 100 Sabres Hyderabad Cavalry, Left Wing, 3rd Bombay European Regiment, Left Wing, 25th Regiment Bombay Native Infantry, Bombay Sappers, the party detailed in the margin, to punish the treacherous Garrison of Loharee, who, it turned out afterwards, were, if not all the greater part, disguised, Sepoys of the 12th Bengal Native Infantry, quantities of their accoutrements being found in the Fort.

I have the honor to enclose, for the information of His Excellency the Commander-in-Chief, the report of Major Gall of the capture of Loharee, and in seconding strongly his recommendation of the Officers and Men who behaved with so much gallantry, I beg to bring to His Excellency's notice, that this is not the first occasion on which Major Gall has done good service; his daring, combined with great intelligence and indefatigable zeal, have induced me to employ him frequently on reconnoisseances and duties specially belonging to Light Cavalry. On all these occasions, Major Gall has shown how important are the duties

of this arm, and how thoroughly he understands them.

I have, &c.,
(Signed) Hugh Rose, Major-Genl.,
Comdg. Central India Field Force.

From MAJOR R. H. Gall,
Comdg. Field Force Detachment.
To THE CHIEF OF THE STAFF,
Central India Field Force.
Dated Camp Poonch, 5th May 1858.

SIR,
I HAVE the honor to report, for the information of the Major-General Commanding Central India Field Force, that in pursuance of his instructions, I marched with the Force as per margin, at 2 A. M. on the 2nd instant, upon the Fort of Loharee, about nine miles distant from, and to the North-West of, Poonch.

My Cavalry rapidly pushed forward, and completed an investment of the place

soon after day-break, and my main body was halted on the plain to the East of the Fort, and within cannon shot of it at half past six o'clock.

As I passed Sir-a, I sent a party of the 3rd Regiment Hyderabad Contingent, under a Dusildar towards Khulleen a Fort reported to be occupied by the Enemy and to my right as I advanced, with orders to watch any hostile movement that might be made from that quarter.

When the Force halted, I rode, accompanied by Captain Baigrie, Deputy Assistant Quartermaster General, Central India Field Force, and Guneshee Lall, a Native Officer in the service of the Governor General's Agent for Central India, through the Village of Loharee up to the walls of the Fort, and sent Guneshee Lall to the main gateway, with directions to summon the Killadar of the place to surrender at discretion. A man soon after made his appearance, whom I supposed to be the Killadar; but he was not; though he did by my order summon the Garrison to surrender, they paid no attention to him.

Discovering, however, that Munohur Singh was himself in the Fort, I sent Guneshee Lall to summon him.

Munohur Singh delayed obeying my summons for a long time, but at last he came out with a small retinue and gave up his sword, and all his retinue laid down their arms. To Munohur Singh, I returned his sword at his own urgent request, at the same time I called upon him to order out his Garrison, and direct them to lay down their arms.

To the best of my belief, he endeavoured to induce them to do so, but they refused. Munohur Singh had clearly no Command over them whatever.

All my own efforts failing to induce the Garrison to give themselves up, I proceeded to make my dispositions for attack, my skirmishers advancing through the village, until on the right and left they had reached some low mud enclosures, beyond which was an open space between it and the Fort, about 150 yards in extent. I placed 2 Guns on the Khulleen road, and a Howitzer and 1 Gun opposite a Guard-house that stands outside of, and on the Eastern side of, the Fort.

The Fort and Village of Loharee are situated in an extensive level plain, the village being separated from the Fort by the clear piece of ground above alluded to.

The little Fort itself is square and built of mud and sun-burnt bricks. The square is flanked by round towers at the corners; it has a ditch, and a

second line of works outside the ditch, and the length of the intervening side is about 100 yards.

A Company of the 3rd Europeans, (Bombay) crossed the open space between the village and Fort without opposition, and established themselves in the guard-house close to the ditch.

Two of the Fort gates were opened for us by Lieutenant Armstrong. Commanding the Left Wing of the Europeans; they were undefended, the Garrison having retired within the third, which was closed, the Enemy taking post behind it.

The last of several summonses accompanied by a threat, that if not obeyed, I would destroy the Fort and the Garrison too, having failed to cause a single man to come out and lay down his arms, I directed Captain Field, Royal Artillery, to open fire with two 9-Pounders and a 24-Pounder Howitzer on a building at the summit, whence the Men of the 3rd Bombay Europeans might have been seriously annoyed by the Sepoys who were collecting there. Captain Field, Royal Artillery, continued firing on various parts of the wall whenever the Enemy showed themselves in any numbers, and the Enemy replied to my fire with matchlocks, and with a 9-Pounder brass Gun, that fired grape and round shot alternately, upon the Dragoons in the plain, and all who came near a well, commanded by the bastion on which it stood.

Lieutenant Bonus, of the Bombay Engineers, after a very close reconnaissance, had reported to me the extreme difficulty of taking the place by escalade. Nothing then remained in my opinion, but to blow open the third gate with a bag of gunpowder and carry the Fort by storm.

By good luck a Gunsmith's shop had been discovered in the village, and in it an old pair of forge bellows. Lieutenant Bonus, borrowing 50 pounds of powder from the Artillery, soon converted this into a very efficient powder bag.

The distribution for the assault was as follows:—

25 Files of the 3rd Bombay Europeans, under Lieutenants Armstrong and Donne, and Ensign Newport, were told off as a storming party; an equal number of the 25th Native Infantry, under Lieutenant Rose of that Regiment, was formed in support.

The storming party and support occupied the gateways that were already in possession: 25 Files of the 3rd Bombay Europeans, and 50 Files of the 25th were in reserve behind the Guard-house. The remainder of both detachments were so disposed as to afford support to the Guns, and also to meet any attempt at escape from the Fort into the village.

A false attack with three scaling ladders under the superintendence of Lieutenant Fenwick, drew the attention of a few of the Garrison for a short time to the South side, and was not without its use.

When the powder bag was filled, Lieutenant Bonus, under cover of a sharp fire from the 3rd Europeans, placed it in front of the closed gate, a strong wooden one studded with iron spikes. The small piece of portfire was lighted, and the firing party withdrew.

After about a minute and a half, the explosion took place, the gate was demolished, and the stormers, under Lieutenants Armstrong and Donne, and Ensign Newport, whom I accompanied, rushed in through the smoke, and almost immediately met the Enemy face to face, at a fourth gateway at right angles to the third, and from which a very narrow curved passage, with a wall of seven feet in height on either side, led to where the Garrison was assembled, and whence they rushed yelling down, sword in hand and firing matchlocks. A desperate combat ensued, and as the stormers so well led, advanced they were assailed by a shower of stones and brickbats from above, as well as by men who cut and stabbed and shot at them from the walls

on either side as they went by. The Enemy were giving way when a cloth full of loose powder, and burning, was dropped from above into the midst of the crowded stormers, who, thrown into some confusion, fell back to avoid the explosion, which, not taking place immediately, was harmless. The Enemy following their advantages, came close up to the bayonets of the Europeans, and dealt sword-cuts at them, but were repulsed. Again advance and retreat were made under precisely similar circumstances.

A third time Lieutenant Donne and Ensign Newport led on their men with daring valour into the very midst of the Enemy, from whom I regret to say, these noble young men received some very severe wounds whilst fighting hand-to-hand; yet, wounded as they were, they beat off their assailants, and their retreat was protected by the bayonets of their Men. Lieutenant Armstrong could give them no assistance as he had just been knocked down by a blow on the head from a brickbat, which stunned him for a time. Matters were becoming serious as the Enemy passed boldly down to the 4th gateway, into which, however, they were not permitted to gain a footing.

Lieutenant Rose now came opportunely to the front, and the fight was continued in the narrow lane, until, with a final shout and charge, the Europeans, with some of the 25th Native Infantry, fairly broke and drove their foe before them to our right, along what I can only describe as an uncovered way passing round the walls of the Fort; but at less than 50 yards beyond the first corner turned the fugitives rallied behind two trees and, firing off their matchlocks, actually advanced again: beneath the trees a bloody mêlée took place, and on this spot ten of the Garrison were cut or shot down. The remnant, now reduced to about five and twenty, fled: some vainly sought refuge in a mud Guard-house below the South wall, some in the interior of the place itself; they were followed up and slain. A last stand was made by a few desperate men to the immediate left of the gateway, near which the conflict had commenced, and here the last man of the Garrison of Lohareo fell.

57 bodies were counted by an Officer within the gateways of the Fort.

Previous to joining the Column of assault, I had made over Command of the Cavalry on the plain to Captain Thompson, 14th Dragoons. He reports that several of the Enemy being observed letting themselves down from the bastion at the North-West angle of the Fort, he moved forward a division of his Dragoons, intercepted and cut them down. All who endeavoured to escape on the South side into the village, were met and shot by a Company of the 25th under Lieutenant Fenwick.

I can safely assert that none of the Garrison (which must have numbered, including Mucohur Sing and his retinue, at least 90 men) escaped.

During the assault, Captain Blyth, of the 14th Dragoons, rode within a very short distance of Khulleea, and observed a great many Men assembling on the bastions of that Fort, and some in the "tops" that surround it; but seeing our Cavalry drawn up on the plain between them and Lohareo, they did not venture to make a forward movement.

I would here observe, that many indications of the presence of Mutinous Sepoys amongst the Garrison met my eye; for instance, an European drum and bugle were found in the Fort, also many brass cap plates belonging to the 12th Regiment Bengal Native Infantry, which garrisoned Jhansi at the period of the mutiny there, and several red coats with yellow facings. Many of the slain had the appearance of Sepoys of the Bengal Army, tall, broad-shouldered, narrow-waisted men.

In conclusion, I trust, I may be permitted to bring to the notice of the Major-General, the gallantry and steadiness displayed by the Officers and Men of all arms composing the Field Force, which I had the honor and the pleasure of Commanding on this occasion. I feel much indebted to Captain Little, Commanding the Left Wing of the 25th Bombay Native Infantry, for the manner in which he brought up a support consisting of 25 Files of his detachment, which followed close upon the heels of the storming party when the place was carried, and subsequently aided them in several combats with the remnant of the Garrison before it was completely destroyed. Captain Field, Commanding the Battery, I have to thank for rendering untenable by his fire, one of the strongest positions the Enemy could have occupied to annoy me; and Captain Thompson, 14th Light Dragoons, for his dispositions outside the Fort during the assault, and for the vigilance with which he intercepted fugitives. Captain Baigrie, Deputy Assistant Quarter Master General, deserves my best acknowledgments for making himself so generally useful to me throughout the day.

I beg also to thank Assistant Surgeon O'Brien, attached to 3rd Europeans, and Assistant Surgeon Skipper, 78th Highlanders, attached to 14th Light Dragoons, for their prompt attention to the wounded; but the following Officers and Men, I beg especially to recommend to the protection of the Major-General, as having, under my own eyes, greatly distinguished themselves in the conflict at the gates, one of unusual severity. Lieutenant Armstrong, 3rd Bombay Europeans, who Commanded the storming party; Lieutenant Donne, 3rd Bombay Europeans; Ensign Newnport, of the same Regiment, who both fell severely wounded; Lieutenant Rose, of the 25th Bombay Native Infantry, who joined me from the rear, and when the two former Officers were struck down, ably supplied their place also.

The readiness of resource evinced by Lieutenant Bonus, will, I feel sure, be appreciated by the Major-General. I can further bear witness to the coolness with which, under fire, Lieutenant Bonus adjusted the powder bag to the gate, and enabled us to effect an entrance into the Fort.

I subjoin a List of Casualties in the Detachment under my Command.

On the wall of the Fort, a brass 9-Pounder Gun was captured and brought into Camp. I had the carriage, which was perfectly new, destroyed. Upwards of 150 stand of arms were taken from the Enemy, swords, matchlocks, and spears, which I caused to be broken up; one of the Garrison used a double barrelled Gun.

FROM No. 25.
BRIGAD.-GENL. R. WALPOLE, C. B.,
Comdg. in Rohilkund and Kumaon,
TO THE CHIEF OF THE STAFF.
Dated Bareilly, 20th May 1858.
Sir,

With reference to my Despatch of the 21st Instant, acquainting you, for the information of His Excellency the Commander-in-Chief, that I had directed a Force of Cavalry and Infantry to proceed to Buhera, for the purpose of bringing to Bareilly, the Rohilkund Horse under Captain Crossman, I have the honor herewith to transmit copies of Reports from Captain Browne, 2nd Punjab Cavalry, who Commanded the Detachment, giving an account of the operations which he found it necessary to undertake against the band of Rebels in that District.

2. Captain Browne returned to Bareilly this morning, and reports that the band above alluded to have dispersed, and that their leader Nizam Ali Khan, has taken refuge in the Rampur territory.

3. The day after Captain Browne left Bareilly, Mr. Alexander received a communication from Captain Crossman, stating that he had changed his mind, and intended to march via Moradabad, and not by Buhera; upon the receipt of which I sent to Captain Browne, to acquaint him with this change in Captain Crossman's intentions, and directed him to return to Bareilly by the route already furnished to him, without waiting at Buhera.

4. I feel sure that the march of this Force has had a beneficial effect, and that confidence in the Government has been in a great measure restored in those parts.

5. I have every reason to be well satisfied with Captain Browne, who appears to have acted with judgment and discretion.

I have, &c.,

P. S.—Since writing the above, Mr. Alexander has heard that Nizam Ali Khan has fled with a few followers to the Eastward, in the direction of the Terai.

No. 1.

FROM CAPTAIN S. BROWNE,
Comdg. 2nd Punjab Cav. and Detachment,
TO THE ASSISTANT ADJT.-GENERAL,
Rohilkund Division, Bareilly.
Dated Camp Kathura, 25th May 1858.
Sir,

I HAVE the honor to submit the following Report for the information of the Brigadier-General Commanding.

This morning, on arrival at Dugunna, where I had proposed halting for the day, information was brought to Mr. Low, Civil Service, who accompanied the Detachment, that Nizam Ali Khan had attacked and burnt KechThamuli at Kickah, killing and wounding some of the Burkundauzes, and Ryoist and that he was at that moment encamped at Mohunpoor, some 1 miles distant, on the direct road to Buherec, with some 300 Cavalry and Infantry.

- I at once decided on moving off and attacking him, after giving the men and horses an hour's rest after the march of 18 miles.

I accordingly marched again at 9-30 A.M. On arrival at Kuchura, I left the baggage there under a small guard. From this place Mohunpoor was visible, and the villagers stated that a portion of Nizam Ali Khan's Force had moved to destroy another village, and that the remainder was still at Mohunpoor. Mohunpoor contained the usual Native Gurrie, a small loop-holed enclosure, with a ditch some 7 feet wide and 5 deep, recently repaired.

I made my arrangements accordingly, directing Lieutenant Hoggan to advance in skirmishing order with one Company, the remainder in support, and behind them again one troop of Cavalry, under Lieutenant Ware, who was instructed, when our Infantry gained a footing in the village, to move off to the right, and take up a position there. The remainder of the Cavalry I kept on the left, where I considered their services would be principally required.

The Infantry at once entered the village, meeting with some opposition, but gradually driving the Bheemy before them, and setting fire to the village. It now became evident that but very few of Nizam Allie Khan's force had remained at Mohuipoor, and only a few Sowars and some 30 Infantry were in the village, the remainder having, some two hours previously, gone off on a looting expedition to another village some 3 miles distant.

Being well aware, that the Gurrie would be impracticable to the small Forces under my Command, and without guns, I had desired Lieutenant Hoggan to avoid it; simply clearing the village, and driving out those who could not shelter themselves in the Gurrie was my object, hoping that the Cavalry might have an opportunity of cutting them up. In this, I was disappointed, owing to the instant flight of the few Cavalry, who were in the village, the desperation of a few of their Infantry who fought well, and the remainder taking refuge in the Gurrie. When the Infantry came up to the Gurrie, and ascertaining that there was not the most remote chance of effecting an entrance, I ordered them to move off to the left, and form up on the Cavalry.

Just at this moment, Nizam Allie Khan appeared in the Field, with the remainder of his Force, some 100 or so Cavalry, and about 150 Infantry, and moved down with the intention of attacking me. I formed up the Cavalry to receive them. He advanced and took possession of a village on a rising mound. Some few Bowmen shewed themselves through the village in my front, and pulled up there. A little delay and a flight of dust on the Rickah and Sheregarh directions, showed me that Nizam Allie Khan thought "discretion the better part of valor." A pursuit was hopeless; the more so, considering the distance we had already come, and the length of time Men and horses had been accoutred, the heat and fatigue all had undergone.

I regret to add, that Lieutenant Hoggan, Commanding the Detachment of 17th Punjab Infantry, was severely wounded. He has my thanks for his endeavours on the occasion of the attack on the village.

To Mr. Low, Civil Service, I am indebted for the excellent information he procured for me, and his making himself useful in the field.

I have omitted to mention above, that the loss of the Enemy in the village was about 20 killed.

I enclose a Casualty Return.

I have, &c.,

Captain S. Browne,

To

THE ASSISTANT ADJUTANT GENERAL.

Rahile und Division, Bareilly.

Dated Camp Buherec, 26th May 1858, 9 a. m.

Sir,

Sir, In continuation of my Report of yesterday, I have the honor to state, that information was conveyed to me of the evacuation of the little Gurrie in the village I attacked yesterday, and in it this morning were found 10 dead of the Enemy. The Gurrie was made over

to the charge of one Mohun Sing, a friendly Zemindar, who occupied it with some of his followers.

Nizam Ali Khan yesterday made for "Jawum," about a mile on the Bareilly side of Budoree; he remained there a short time only, and then continued his flight towards Shergurh. Reports received this morning state, that he has now left Shergurh, and that a number of his followers have deserted him, some 50 horsemen only remaining with him. I trust this may prove correct. The informants are the Hindoo population of the villages round about, who have been much oppressed by Nizam Ali Khan's plundering party.

Captain Crossman, with the Rohilkund Horse, has not arrived, nor can I obtain any information whatever regarding him. I have today again addressed that Officer by "Gossid," informing him of my arrival here, and that I will halt here to-morrow in the hope of his arrival; but that should he not arrive, or I obtain no authentic intelligence regarding him, it was not my intention to delay here any longer, but to move towards Bareilly by the route furnished me.

As my object in coming out here was to escort Captain Crossman's party into Bareilly, I trust that the Brigadier-General will approve of the course I intend adopting in halting one day, with the view of ascertaining the purpose for which I was detached; but at the same time I do not consider I should be justified in remaining out here any longer.

I have, &c.,

(Signed) SAM. BROWNE, Capt.,
Comdg. Detachment.

P. S.—4 p. m.—Since the above was written, Mr Low informs me, that Nizam Ali Khan is at Budoree raising followers. Budoree is some 5 miles distant, nearly North-west of this.

Dated Camp, Shergurh, 27th May 1858.

Sir,

I HAVE the honor to acknowledge the receipt of your letter, No. 19, dated 26th instant.

Yesterday, some few hours after the despatch of my letter, I had ascertained from a "Gossid," and from some travellers from Haldwanee, that Captain Crossman had that morning marched for Kala Doongee, which being the first march by the Moradabul road, I determined on not remaining another day at Budoree, and accordingly this morning marched here.

I am glad to be able to state, that the attack on the village of Mohunpore has had excellent effect. Nizam Ali Khan's followers have dispersed; the band is broken up; Nizam Ali Khan himself has fled to the Nawab of Rampore's district.

To-morrow morning I will proceed to Chashee.

I have, &c.,

No. 4796.

To

W. P. PALMER, Esquire,

Civil Auditor,

Fort William.

FINANCIAL DEPARTMENT.

Sir,

I AM directed to acknowledge the receipt of your Letter, No. 2173, dated the 21st Ultimo, on the subject of Notices of Leave of Absence granted to Uncovenanted Servants sent to your Office.

2. It appears that your Office makes deductions on account of Leave of Absence only from the Salaries of those Uncovenanted Servants who receive their appointments direct from Government; but that in all cases in which Clerks and other Ministerial Officers are allowed Leave of Absence, the Head of the Department or Office in which they are employed is left to make the deductions, your Office simply passing the Salary Abstract of such Establishment, without taking cognizance of the deductions made therein by the Head of the Department or Office, provided the Rule laid down in the Financial Resolution of the 18th December 1849 is not infringed.

3. In reply, I am desired to inform you, that the Right Hon'ble the Governor General in Council is of opinion that the practice of your Office is incorrect. The Rules of the 22nd February 1856, he observes, are applicable to "All Officers in the Uncovenanted Service of the Government who may be in the receipt of Salaries of Rupees 100 a month and upwards," and it seems to His Lordship in Council that your Office ought invariably to make the deductions provided for in the Rules, in every case in which Leave is granted to such Officers, under the rules, whether it be granted by Government, or by Officers to whom power to act upon the Rules may have been delegated by Government.

4. In respect to Officers drawing Salaries of less than Rupees 100 a month, it has been ruled, in the Financial Resolution of the 6th February 1857, that the Heads of Offices should, in granting Leave, be guided by the spirit of the Rules prescribed for those servants who are in the receipt of Salaries of Rupees 100 a month and upwards, and that all cases in which Leave is so granted to Uncovenanted Servants whose Salaries are less than Rupees 100 per month, shall be reported to the Civil Auditor and the Military Auditor General, respectively, in the manner prescribed in the Orders of the 23rd July last; viz., that the Auditors should be furnished, on the 1st May in each year, with "An Annual Return showing the Leave of Absence granted during the year (preceding), under the new Uncovenanted Civil Service Absentee Rules, to those Uncovenanted Servants whose Leave might not have been notified in the Gazette."

5. But this arrangement seems to His Lordship in Council to be insufficient. It does not provide, as it ought to do, for deductions from Salary by the Offices of Audit, and His Lordship in Council therefore directs that in future all cases in which Leave not notified in the Government Gazette is granted to Uncovenanted Servants in excess of the few days provided for in the Financial Resolution, No. 2520, dated the 12th June 1857, shall be reported monthly (instead of annually) to the Civil Auditor or the Military Auditor General, as the case may be, in the Form entered in the margin; the Offices of Audit being left to check the amounts entered in the Form at the time the Establishment Bills are sent in to be passed, on the understanding that deductions are invariably to be made, in accordance with the Rules, from the pay of all Absentees whose names are entered in the Form (whether they may be in the receipt of Rupees 100 a month or less), except when special directions are issued by the Heads of Offices to make larger deductions which may be necessary in cases of Officers drawing less than Rupees 100, whose duties cannot otherwise be provided for without extra expense to Government.

I have the honor to be,

SIR,

Your most obedient Servant,

No. 2254.

Fort William, Foreign Department,
The 25th June 1858.

Notification.—The Hon'ble the President in Council is pleased to direct the republication of the following General Order by the Right Hon'ble the Governor General:—

No. 1855.

General Order by the Right Hon'ble the Governor General.

Foreign Department.

Alahabad, the 24th June 1858.

The Right Hon'ble the Governor General has the highest gratification in announcing that the Town and Fort of Gwalior were conquered by Major-General Sir Hugh Rose, on the 19th Instant, after a general Action, in which the Rebels, who had usurped the authority of Maharajah Scindea, were totally defeated. On the 20th June, the Maharajah Scindea, attended by the Governor General's Agent for Central India, and Sir Hugh Rose, and escorted by British Troops, was restored to the palace of his ancestors, and was welcomed by his Subjects with every mark of loyalty and attachment. It was on the 1st June that the Rebels, aided by the treachery of some of Maharajah Scindea's Troops, seized the Capital of His Highness' King-

under a Pretender in His Highness' Territory. Eighteen days had not elapsed before they were compelled to evacuate the Town and Fort of Gwalior, and to relinquish the authority which they had endeavoured to usurp. The promptitude and success with which the strength of the British Government has been put forth for the restoration of its faithful Ally to the capital of his territory, and the continued presence of British Troops at Gwalior to support His Highness in the re-establishment of his administration, offer to all a convincing proof that the British Government has the will and the power to befriend those who, like Maharajah Scindea, do not shrink from their obligation or hesitate to avow their loyalty. The Right Hon'ble the Governor General, in order to mark his appreciation of the Maharajah Scindea's friendship, and his gratification at the re-establishment of His Highness' authority in his ancestral dominions, is pleased to direct that a Royal Salute shall be fired at every principal Station in India.

No. 986 of 1858.—The following Notification, from the Foreign Department with the Right Hon'ble the Governor General, is published in General Orders:—

No. 1835, dated 24th June 1858.—The Right Hon'ble the Governor General has the highest gratification in announcing that the Town and Fort of Gwalior were conquered by Major-General Sir Hugh Rose, on the 19th instant, after a general Action, in which the Rebels, who had usurped the authority of Maharajah Scindea, were totally defeated. On the 20th June the Maharajah Scindea, attended by the Governor General's Agent for Central India, and Sir Hugh Rose, and escorted by British Troops, was restored to the palace of his ancestors, and was welcomed by his Subjects with every mark of loyalty and attachment. It was on the 1st June that the Rebels, aided by the treachery of some of Maharajah Scindea's Troops, seized the capital of His Highness' Kingdom, and hoped to establish a new Government under a Pretender in His Highness' Territory. Eighteen days had not elapsed before they were compelled to evacuate the Town and Fort of Gwalior, and to relinquish the authority which they had endeavoured to usurp. The promptitude and success with which the strength of the British Government has been put forth for the restoration of its faithful Ally to the capital of his territory, and the continued presence of British Troops at Gwalior to support His Highness in the re-establishment of his administration, offer to all a convincing proof that the British Government has the will and the power to befriend those who, like Maharajah Scindea, do not shrink from their obligation or hesitate to avow their loyalty. The Right Hon'ble the Governor General, in order to mark his appreciation of the Maharajah Scindea's friendship, and his gratification at the re-establishment of His Highness' authority in his ancestral dominions, is pleased to direct that a Royal Salute shall be fired at every principal Station in India.

Notification.

No. 441.

It is hereby notified that about 28,000 maunds of Scinde Salt, being the spontaneous produce of the soil, have been experimentally imported from Kurachee to the Government Golahs at Sulka, and are available to the Public at 316 Rupees per 100 maunds, in quantities not less than 100 maunds.

The result of an analysis by the Government Chemical Examiner, of a specimen of this Salt from the batch now advertized is given below:—

"I have the honor to report that the specimen of Scinde Salt sent is very pure, containing between 98 and 99 per cent. of pure Salt. The residue is moisture with a little alkaline sulphate and lime."

Parties wishing to inspect the Salt may do so at the Board's Office, where samples may be seen.

FINANCIAL DEPARTMENT.

SIR,

I AM directed to acknowledge the receipt of your Letter, No. 2173, dated the 21st Ultimo, on the subject of Notices of Leave of Absence granted to Uncovenanted Servants sent to your Office.

2. It appears that your Office makes deductions on account of Leave of Absence only from the Salaries of those Uncovenanted Servants who receive their appointments direct from Government; but that in all cases in which Clerks and other Ministerial Officers are allowed Leave of Absence, the Head of the Department or Office in which they are employed is left to make the deductions, your Office simply passing the Salary Abstract of such Establishment, without taking cognizance of the deductions made therein by the Head of the Department or Office, provided the Rule laid down in the Financial Resolution of the 18th December 1843 is not infringed.

3. In reply, I am desired to inform you, that the Right Hon'ble the Governor General in Council is of opinion that the practice of your Office is incorrect. The Rules of the 22nd February 1856, he observes, are applicable to "All Officers in the Uncovenanted Service of the Government who may be in the receipt of Salaries of Rupees 100 a month and upwards," and it seems to His Lordship in Council that your Office ought invariably to make the deductions provided for in the Rules, in every case in which Leave is granted to such Officers under the rules, whether it be granted by Government, or by Officers to whom power to act upon the Rules may have been delegated by Government.

4. In respect to Officers drawing Salaries of less than Rupees 100 a month, it has been ruled, in the Financial Resolution of the 6th February 1857, that the Heads of Offices should, in granting Leave, be guided by the spirit of the Rules prescribed for those servants who are in the receipt of Salaries of Rupees 100 a month and upwards, and that all cases in which Leave is so granted to Uncovenanted Servants whose Salaries are less than Rupees 100 per month, shall be reported to the Civil Auditor and the Military Auditor General, respectively, in the manner prescribed in the Orders of the 25th July last; viz., that the Auditors should be furnished, on the 1st May in each year, with "An Annual Return showing the Leave of Absence granted during the year (preceding), under the new Uncovenanted Civil Service Leave Rules, to those Uncovenanted Servants whose Leave might not have been notified in the Gazette."

[1828]

5. But this arrangement seems to His Lordship in Council to be insufficient. It does not provide, as it ought to do, for deductions from Salary by the Offices of Audit, and His Lordship in Council therefore directs that in future all cases in which Leave not notified in the *Government Gazette* is granted to Uncovenanted Servants in excess of the few days provided for in the Financial Resolution, No. 2520, dated the 12th June 1857, shall be reported monthly (instead of annually) to the Civil Auditor or the Military Auditor General, as the case may be, in the Form entered in the margin; the Offices of Audit being left to check the amounts entered in the Form at the time the Establishment Bills are sent in to be passed, on the understanding that deductions are invariably to be made, in accordance with the Rules, from the pay of all Absentees whose names are entered in the Form (whether they may be in the receipt of Rupees 100 a month or less), except when special directions are issued by the Heads of Offices to make larger deductions, which may be necessary in cases of Officers drawing less than Rupees 100, whose duties cannot otherwise be provided for without extra expense to Government.

I have the honor to be,

Sir,

Your most obedient Servant,

FORT WILLIAM,

FOREIGN DEPARTMENT,

THE 25TH JUNE 1858.

NOTIFICATION.

— THE Hon'ble the President in Council is pleased to direct the re-publication of the following General Order by the Right Hon'ble the Governor General:—

No. 1855.

GENERAL ORDER BY THE RIGHT HON'BLE THE GOVERNOR GENERAL.

FOREIGN DEPARTMENT,

Allahabad, the 24th June 1858.

The Right Hon'ble the Governor General has the highest gratification in announcing that the Town and Fort of Gwalior were conquered by Major-General Sir Hugh Rose, on the 19th Instant, after a general Action, in which the Rebels, who had usurped the authority of Maharajah Scindea, were totally defeated. On the 20th June the Maharajah Scindea, attended by the Governor General's Agent for Central India, and Sir Hugh Rose, and escorted by British Troops, was restored to the palace of his ancestors, and was welcomed by his Subjects with every mark of loyalty and attachment. It was on the 1st June that the Rebels, aided by the treachery of some of Maharajah Scindea's Troops, seized the capital of His Highness' Kingdom, and hoped to establish a new Government under a Pretender in His Highness' Territory. Eighteen days had not elapsed before they were compelled to evacuate the Town and Fort of Gwalior, and to relinquish the authority which they had endeavoured to usurp. The promptitude and success with which the strength of the British Government has been put forth for the restoration of its faithful Ally to the capital of his territory, and the continued presence of British Troops at Gwalior to support His Highness in the re-establishment of his administration, offer to all a convincing proof that the British Government has the will and the power to befriend those who, like Maharajah Scindea, do not shrink from their obligation or hesitate to avow their loyalty. The Right Hon'ble the Governor General, in order to mark his appreciation of the Maharajah Scindea's friendship, and his gratification at the re-establishment of His Highness' authority in his ancestral dominions, is pleased to direct that a Royal Salute shall be fired at every principal Station in India.

By order of the Right Hon'ble the Governor General of India.

Notification.—The following Extract from the Proceedings of Government in the P. W. Department, and the Despatch from the Hon'ble the Court of Directors referred to therein, is published for general information:—

No. 2413.

EXTRACT from the Proceedings of the Hon'ble the President of the Council of India in Council, in the Public Works Department (Public), under date the 29th May 1858.

READ special letter to the Hon'ble the Court of Directors, from this Department No. 34, dated 23rd June 1857, regarding the grant of leave to Europe to Mr. Bickards, Civil Engineer, and soliciting orders with regard to the grant of leave to English Civil Engineers and Overseers.

READ Hon'ble Court's reply No. 10, dated 6th April 1858.

OBSERVATIONS.—The Hon'ble the President in Council observes, that an enquiry having been made of the Hon'ble Court as to the footing on which Uncovenanted Officers in the Department of Public Works, who have been sent out from England under special engagement, were to be placed as regards leave on Medical Certificate to Europe, the Hon'ble Court has decided that they shall, in all things, be held to be placed under the ordinary Absentee Rules for Uncovenanted Servants of the Government, with the exception that the length of absence allowed under Clause I. Section V. will, in their case, be limited to two years.

The Hon'ble Court further directs, however, that the admission of any such person to the advantages of Furlough to Europe, under the regular Uncovenanted Rules, must be made dependent on his relinquishing any claim which he otherwise might have under his engagement with the East

India Company, to a free return passage to England.

Order.—Ordered, that a copy of this Resolution, and of the Honourable Court's Despatch, be sent to the Financial Department, for the issue of such orders as may be deemed necessary to give effect to the Honourable Court's instructions.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL

Letter, dated 23rd June (No. 34) 1857, forwarding correspondence respecting the grant of leave of absence on Medical Certificate to Mr. J. L. Rickards, one of the Civil Engineers from England, and requesting Court's instructions as to the application to the case of Civil Engineers of the ordinary Rules regulating the grant of leave of absence to the Uncovenanted Servants of Government.

Works, properly comes within the general scope of the Rules under which leave of absence is granted to Public Officers in India not in our regular Covenanted Service, but the length of absence allowed under Clause I of Section V. must in their case be reduced to two years.

2. We shall inform Mr. Rickards of our decision on the subject, and we shall adjust his allowances accordingly. We shall deduct from the payments to be made to him, the sum of Rupees 850, the amount paid for his passage money to this Country, and we direct that, the admission to the benefit of the Uncovenanted Furlough Rules of any of the Civil Engineers and Overseers engaged by us in this Country be made dependent on the relinquishment of the advantage of a free return passage, the engagement to pay which, was made by us, on the supposition of a final relinquishment of the Service, at a time when the savings of the Officer might not enable him to pay for his passage to this Country.

No. 211 of 1858.—The Right Hon'ble the Governor General is pleased to direct the publication of the following Dispatch from the Assistant Adjut-

forwarding one from Brigadier-General Sir E. Lugard, K. C. B., Commanding Azimgurh Field Force, reporting the operations of his Force, since the 14th Ultimo, the date of his last report:—

From

BUREAU-GENL. SIR E. LUGARD, K. C. B.,
Comdg. Azimgurh Field Force.

To

*The Chief of the State,**Dated Camp Jugdespore, 27th May 1858.*

Sir.

I HAVE the honor to report to you, for the information of His Excellency the Commander-in-Chief, the following operations of the Force under my Command since the 14th Instant, the date of my last report.

2. On the 16th, I despatched a party under the Command of Major Lightfoot, 84th Foot, to burn the house of Hurkissen-Sing and the village of "Burdhee," in which it was situated: the village of "Uraila," the inhabitants of which had aided the Rebels, and evinced an inimical spirit, was destroyed at the same time.

3. On the 18th, I moved out against the Rebels, who had established themselves at "Metahi," where Ummar Sing had a large house, about 2 miles from Jugdespore. On our approach, the Rebels opened fire from the two 12-Pounder Howitzers they captured from the Arrah party on the 23rd Ultimo, and showed in great force; but so soon as the line of Infantry advanced, they retired into the jungle, carrying away their Guns; upon which I destroyed the house and village, and returned to Camp: the loss of the Rebels must have been severe, as the fire from the battery Guns, under Lieutenants Campbell and Bradford, was very good. My own Casualties were small, as shown by the accompanying Return.

4. On the 20th, Mr. Burrows, Railway Contractor, commenced, at my desire, cutting down the jungle in the vicinity of Jugdespore, so as to obtain a broad clear road through it, in the direction of Arrah, and fearing that the Rebels might creep up and fire upon the workmen, who, if once struck, would no doubt abandon the work altogether, I sent my Horse Artillery and Cavalry, under Lieutenant-Colonel Robertson, Military Train, round to the South-West of "Duleepoor," where the main body of the Rebels were established, to endeavor to divert their attention: in a few hours, receiving a report from the Lieutenant-Colonel, that the Enemy were following him into the open country in great numbers, I hastened from Camp with a few Companies of the 10th

"Metahi," in the hope of getting between them and the jungle; in this I partially succeeded and inflicted severe punishment upon them. I regret, however, that Lieutenant Dawson, Military Train, was killed, and Lieutenant Maxwell, Royal Horse Artillery, with Sergeant H. Robinson, Royal Horse Artillery, and Private R. McGuire, 10th Foot, were wounded in this skirmish.

5. From the operation of the 20th Instant, it seemed to me that, by a combined movement upon the Rebels, I might possibly crush them, and capture their 2 Guns, which they prized greatly, and invariably withdrew so rapidly into the jungle when we advanced, that there was little chance of taking them by any direct attack.

6. It was my earnest wish to have had a small Force to co-operate with me from the South, but as Colonel Corfield had declared his inability to assist me in any way, I decided upon making a final assault upon the Rebels on the 26th Instant with my own Force.

7. My plan was to endeavour to draw the Enemy out from the jungle, as I did on the 20th, then to make a feeble attack upon them at "Metahi," so as to occupy them without actually driving them in, whilst a body of Infantry moved down through the thick jungle direct from Jugdespore, and came upon their rear.

8. This, I am happy to say, succeeded almost beyond my expectation, and resulted in the capture of the two Howitzers, two Elephants, and the complete dispersion of the Rebels.

9. The Horse Artillery and Cavalry under Lieutenant-Colonel Riddell, Royal Artillery, left Camp as soon as day broke, and moved round to the South-West of Duleepoor, attracting the attention of the Rebels, who evidently expected an attack, and made their arrangements accordingly.

10. Eight Companies of the 10th Foot, under the direction of Brigadier Douglas, C. B., were formed in the jungle close to Jugdespore post, prepared to move down when I should send the order; and the remainder of the Troops available, consisting of two Companies 10th Foot, five Companies 84th Foot, 100 of Bastry's Sikhs, Panjab Sappers, with four battery Guns (Cotter's) under Lieutenant Campbell, and some Cavalry, I moved direct upon "Metahi," leaving the Camp in charge of a party of the 84th Foot, with some Sikhs now under Captain Creagh and the post at Jugdespore with a Company of the Madras Rifles, under Captain Bolton.

11. Major Carr, whom I had moved from Arrah to the East side of the jungle, I re-inforced with another Company of the 84th Foot and 50 Sikhs (Cavalry), and directed to patrol along, and watch the Eastern limit of the jungle.

12. The movement upon "Metahi," apparently convinced the Rebels, that the attack was to be the same as on the 20th, and they lined the same banks, and took up the same position as before. I now directed Brigadier Douglas' Column to move down, and as soon as I ascertained they had penetrated the

jungle as far as where I was without the Enemy perceiving it, I advanced my skirmishers, and the Rebels most fortunately fired their Howitzers, and thus showed us their exact position.

13. A cheer and a rapid rush settled the affair; the Guns were secured by the Grenadier Company of the 84th Foot, whilst the 10th pursued the Rebels through the jungle South, down to "Chitowrah," and through the dense jungle to the West of that place, scattering them, and driving them completely out into the open country, at a distance, however, of several miles from where the Artillery had been posted. Two Elephants were captured, and many Rebel Sepoys killed in this rapid pursuit, which nothing but the excitement of the chase, and the high spirit and power of endurance of the Soldiers enabled them to carry out. The greater proportion, however, at last dropped, thoroughly exhausted, and it was some hours before they could move to Camp, then distant some seven miles.

14. I am happy to say no Casualty occurred in my Force.

15. I take this opportunity of bringing to the notice of His Excellency, as I promised in a former Report, the excellent conduct of the Troops under my Command, from the 29th March, the date of our quitting Lucknow, and throughout these operations; the work has been most arduous, but the spirit and cheerfulness of the Soldiers have never failed. The whole of the Troops named in the margin, with their respective Commanding Officers, have earned my warmest thanks, and merit His Excellency's approbation.

16. To Brigadier Douglas, C. B., I feel much indebted for the zealous manner in which he has invariably carried out all my instructions. I am also much indebted to Lieutenant-Colonel Riddell, Commanding the Artillery, for his able and indefatigable assistance, as well as to the several Officers Commanding the Regiments and Detachments before named.

17. Of the merits of the Divisional and ~~Personnel~~ Staff of this Force, I cannot speak too highly of my recommendation in sufficiently strong terms. Deputy Assistant to His Excellency, Wilkinson,

18. Lieutenant-Colonel Longden, Clevedon Staff, Major Sir H. M. Havlock, Bart., General and Adjutant General, and Captain W. W. Deputy Assistant Quarter-Master General, after me in every possible manner, with untiring energy. Lieutenant McNeill, my Adjutant, and Captain Middleton, Extra Adjutant, also Deputy Judge Advocate deserve my best thanks. The diligent and active Staff

the much assistance; the exertions of Captain Stevenson, Brigade-Major, have been most indefatigable, as have been those of Major Turner, Adjutant, Royal Artillery, and Captain Young, Royal Artillery, Commissary of Ordnance; with the Commissariat Officers, Captain Roberts, Captain Holland and Lieutenant Bates. I have been well satisfied, as also with Captain Creagh, Post Master, lately in charge of the Military Chest.

19. I beg most especially to recommend to His Excellency's notice Doctor Gordon, Surgeon of the 10th Foot, and Senior Medical Officer in charge of this Force; his exertions have been untiring, though at times suffering from sickness, he never quitted his post, but continued his valuable superintendence; I feel more indebted to him than I can express. To the other Medical Officers of the Force, also much credit is due.

20. It affords me much pleasure to bring to the notice of His Excellency, St. Jeant Edward Connors, 10th Foot, who has performed the duties of Deputy Provost, and Deputy Baggage Master to this Force, with a zeal and untiring energy that could not be surpassed. A more trustworthy, intelligent and hard-working public servant, or a brave Soldier, does not exist.

21. I have also to record my best thanks to Mr. Macdonell, Civil Service, who has accompanied my Camp in this District as Special Commissioner; to Mr. Madocks, Civil Service, Collector of Pehar; and to Mr. Charles Kelly, Railway Engineer, for the very valuable assistance they have given me.

I have, &c.,

CAMP CHOWBERIPORE,
The 10th June 1858.

No. 218 of 1858.—The Right Hon'ble the Governor-General ~~had~~ caused to direct the publication of the following Despatch, from the Assistant Adjutant General of the Army, dated 9th June 1858, forwarding one from Brigadier-General J. Jones, C. B., Commanding Shahjehanpore Field Force, reporting his operations against Mohundee, from the 23rd to 26th May inclusive:—

From

BRIGADIER-GENERAL J. JONES, C. B.,

Candy, Shahjehanpore Field Force,

To

THE DEPUTY ADJ'T. GEN'L. OF THE ARMY.

Camp Shahjehanpore, 1st June 1858.

Sir,

The Shahjehanpore Field Force crossed the river by the Bridge-of-Boats during the night of the 23rd, and formed in order of battle in front of the village of Loodipore.

At day-light the Force advanced, and found the Enemy in position at the Fort of Burnai.

The following was the order in which the Troops advanced:—The heavy Guns along the road in the centre. First Brigade on the right, consisting of the 79th Highlanders and 1st Sikhs, supported by Her Majesty's 82nd Regiment; Captain Hammond's Battery, the Carabiners, and Captain Lind's Horse being on the right flank; 2nd Brigade on the left of the heavy Guns, composed of the 60th Royal Rifles and 1st Punjab Rifles, supported by the 6th Regiment; Lieutenant-Colonel Tomb's Troop Horse Artillery, 9th Lancers, and Captain Cureton's Cavalry on the left flank.

The Sappers and Miners were in rear of the heavy Guns, and Captain Austen's Battery in support.

The Enemy opened their Guns in quick succession, and for a few minutes their fire was heavy; but the effect produced by our 24-Pounders, was soon seen; the Enemy withdrew his bullock Guns at once, continuing the fire with the Guns he had horses. As the line advanced, these also were withdrawn, and the Fort was entered without any attempt at a stand.

The Force rapidly continued its advance, the right bringing right shoulders forward, the Carabiners and Captain Hammond's Battery at the trot.

When in pursuit of the Enemy, one of the Ammunition Waggon of Captain Hammond's Battery accidentally exploded, when I regret to say, three men were killed.

I was particularly anxious, that the left should push on with still greater rapidity. But the Enemy seemed ~~but~~ fully aware of the necessity of checking us here. He threw masses of Cavalry round our flank, and a few of his Horsemen were found ready to charge when any opportunity offered.

Those who had got into the rear of the Regiment were cut to pieces, when Captain Cureton dashed at the body in his front, broke, and pursued them some distance, killing the Commandant of Cavalry and another Officer of rank.

The pursuit was kept up by the Infantry for a few miles, when they were obliged to halt, and was continued by the Light Field Guns and Cavalry to a considerable distance; but the overpowering heat of the sun rendered it advisable to place the European portion of the Troops under cover as soon as possible.

I encamped six miles beyond the Fort of Burnai, which I caused to be blown up, one damaged Gun being there taken.

Early on the 25th, I was close to Mohundee. The Enemy's Cavalry were seen formed on the road. I ordered up the Light Guns, 9th Lancers, and Captain Cureton's Cavalry, but a few rounds from Captain Austen's Battery dispersed the party.

The Town and Fort were found to be evacuated, and they were immediately occupied.

Under the superintendence of that able Officer of Engineers, Captain Drummond, they were soon destroyed. One damaged Gun was taken in the Fort, and four were found concealed in a neighbouring garden.

The Enemy had commenced his retreat from Mohundee, about noon on the 24th, his families and valuables had been carried far into the jungles that skirt the North-Eastern portion of Oude.

The Cavalry was employed during the 26th in clearing the country in the direction of the Enemy's retreat, and to the right and left of Mohundee. One party of Mooltan-e-Cavalry, under Lieutenant R. Williams, discovered a Fort in which was found a large quantity of gunpowder, which was used in blowing it up; 3 Guns were dug up there, and a large number of GunCarriages evidently manufactured at Futtigurh. Three other Guns were discovered in a village close at hand; several of the villages round were burnt, and after completely securing the country, the Force returned to Shahjehanpore, which it reached on the morning of the 29th.

I have the honor to enclose a List of Casualties, and a Return of the Ordnance captured.

The Troops behaved admirably; for two days the heat was excessive, and notwithstanding every possible precaution, I regret to say, that on the 24th and 25th the loss of European Troops by stroke of the sun amounted to twenty-seven.

I am much indebted to Brigadier Hagerd, Commanding Cavalry Brigade; Lieutenant-Colonel Tomb, C. B., Commanding 1st Inf'ty. Division; Brigadier Taylor, O. B., Commanding 1st Infantry Brigade; and Brigadier Coke, C. B., Commanding 2nd Infantry Brigade; also to the several Officers Commanding Regiments and Detachments of the Force.

My Staff as usual afforded me every assistance in carrying out my orders.
